COOLIDGE READY TO CALL WORLD MEET

THAW NERVOUS AS VERDICT IS NEAR; EJECT REPORTER

PHILADELPHIA, Pa., April 22.—Harry Thaw created a commotion in the court of common pleas this afternoon when he suddenly rushed over to the press table, shook the hands of several correspondents and gesticulating wildly, said he was afraid they would break the jury during the morning but he wasn't afraid now.

The reporters couldn't understand him, and within a few minutes he was talking most excitedly, so much so that his chief counsel, former Judge John M Patterson, spoke to Judge Monaghan and then turned to face the courtroom and called for order. The commotion ended by the reporters being ejected from the court room by bailiffs and attendants and Thaw being taken back in care of his attorneys.

The excitement came just as Judge Monaghan had announced a recess for luncheon.

Thaw had been sitting with his 82 year old mother, Mrs. Mary Copley Thaw, during the morning session when two attorneys had bitterly assailed Thaw in their addresses to the jury, asserting he was insane and should be kept in the asylum.

Asked To Explain

Immediately after adjournment was announced, Thaw suddenly left his mother's side and rushed to the correspondents table. He grasped one of them by the hand.

"I want to say I thought they'd break the jury but I don't think so now," he declared.

"Break the jury—what do you mean?" the reported asked.

"Well, I'm not afraid now—I thought so when Gray (William A. Gray, attorney for Evelyn Nesbit who is opposing Thaw's release) was talking. I was nervous. But I'm not nervous now. Everything is all right now—don't you think, nothing to be afraid about—nothing. Say my mother wants to be interviewed—she can tell you a lot of things in ten minutes. But that jury—that jury won't be broken, will it?"

Thaw was highly nervous. He shook hands with more reporters. They tried to get him to make his remarks more lucid but he seemed unable to co-ordinate his faculties.

His eyes, normally protuberant, with the whites showing brightly, were almost popping out of his head

He waved his hands and glanced rapidly from left to right as he spoke

"Will you kindly explain, Mr. Thaw, what you mean by breaking the jury?" one of the reporters asked.

Thaw smiled for some reason Then, his face taking on a serious expression, he asked:

"There won't a be a mistrial—will there?"

his mother, a gentle old lady in black, with her black veil raised from her face, was about fifteen feet away, apparently nonplussed at her son's action

She glanced in the direction of Thaw's lawyer, Patterson.

Patterson immediately took in the situation and went quickly to the Judge's bench. The judge was still in the court room and so was the jury. Patterson said something to the judge. Then he shouted above the turmoil:

"I think there should be order here. I'm surprised at you newspapermen"

One of the reporters remarked aloud that Thaw had taken the

SEVEN ELYRIANS SIGN FOR CAMP

Major R. E. Hultz Reports Much Interest Here For Free Government Army Training Camp Benefits

Lorain County drive for the Citizens' Military Training Camp is well under way. This summer it will be held at Camp Knox, Ky., 31 miles southeast of Louisville, Ky., one of the largest military reservations in the country and admirably suited for miltary training.

Seven Elyria boys have already signed up for attendance: Edw. Huffman, James E Boggs, Kenneth H. Botamer, Robert S. Chaney, Rolland V. Hites, Herbert F. Malkonus and Carlton R. Smith.

These boys will attend Uncle Sam's great out-door school, the purpose of which is to promote American democracy and citizenship and to develop the young men of the country physically, mentally and morally. Any young man of good normal character, between the age of 16 1-2 and 24 years of age, who is able to speak and write English, may attend. The government pays all expenses and provides good food and expert medical attention and means for recreation and amusement. Religious services are held regularly and the greatest emphasis of the training is on character building. There is no obligation except to the flag and a promise to work for harmony and the common purpose.

Among the benefits of this training are: careful physical examination, immunization against typhoid and smallpox, the boy comes home erect and strong, taught first-aid, personal hygiene, to safe-guard health, a lesson in real Democracy, learns restraint and self discipline and acquires a respect for American institutions, for law and order, for the authority of his parents.

He is not inoculated with the virus of militarism. He learns that right is might.

The drive is eternal for mental keenness, good general carriage and a more alert expression in the eyes.

Parents and friends can be sure no cleaner, healthier, or more stimulating experience can be given their boys than the combination of work and play for a month during the summer in the great out doors

Camp opens July 2 and closes July 31.

For further information call Major R. E. Hultz or Edward B Huffman.

Washington Avenue Bridge is Damaged; To Sue Booze Notes

Service Director James Hewitt called attention to the condition of Washington avenue bridge, at the city council meeting last evening. This is the city's newest bridge erected at a cost of $40,000 in 1913-14, replacing the stone bridge that went out during the big flood in 1913. According to the service director the bridge is rapidly deteriorating. It is built of concrete but the action of the atmosphere, especially during wet and freezing weather, is causing the concrete to slough off in the arch and on the sidewalk. Considerable of the bridge was built during the freezing weather, and the concrete may not have been properly mixed, or may not contain enough concrete to withstand the inroads of the weather. Hewitt states the structure sweats and little pockets of moisture forms which freeze in cold weather causing the concrete to swell and peel off. "I'm afraid it will cost considerable money to remedy this difficulty," said the director, "but it ought to be done, and the sooner the better." The question was referred to the proper committee, together with the city engineer and service director. He also said this was not an unusual condition in this climate.

City Solicitor Don Myers called the attention of the council to some $4,000 worth of notes taken in police court as security for the payment of fines and costs, by various parties who had been fined They had paid part of their fine and given a note for the balance and then forgot about it Many of these notes are not collectable, but he thought about $1,500 worth might be collected if legal action was taken. Mayor Hinkson stated that he refused to take any notes unless they were signed by property owners. The council discussed what was to be done and some of them thought the practice of taking notes should be discontinued. The finance committee and the city solicitor will decide what should be done to collect the notes.

The service director proposed to the council to abandon one or two unused driveways in the old Elyria cemetery. If this is done, he said, the space could be used for a number of burial places, as every available spot would be needed before the proposed new cemetery could be prepared. Chairman Muller of the cemetery committee stated he would have a report made within a short time on the various locations under consideration.

The service director was authorized to advertise for bids for the construction of delinquent sidewalks this year.

INTERNATIONAL LAW RECODIFICATION IS NEEDED, HE CLAIMS

NEW YORK, April 22.—America stands ready to call another world conference for further restriction of armament and remodification of international law, if the Dawes commission succeeds in settling the German reparations questions and Europe returns to a stability and composure that would be conductive to the success of such a gathering, President Coolidge told a distinguished audience of newspaper publishers at the Waldorf here this afternoon.

Wants World Peace

For the first time since he entered the White House, Mr. Coolidge dealt extensively with foreign affairs in a public address, and he outlined in general terms what he conceived to be the role that the United States can best play in the adjustment of world affairs toward the goal of international peace and understanding.

This role does not contemplate American entrance into the League of Nations, the president said, "for our country refused to adhere to the covenant of the league with a decisive rejection that I regard as final."

But outside the league, the president declared he believed the United States could and should play a prominent part in promoting world betterment by frequently engaging in international conferences, by adhering to a world court of justice and by so conducting its own affairs as to demonstrate to other nations the unselfishness and desire for service that underlie American idealism.

This program, Mr. Coolidge thought can be carried out without any impairment of America's political or economic independence and without any sacrific of America's right to judge for herself what part she shall play in world affairs.

Praises Dawes Report

He praised the Dawes report as a step toward European peace and stability—"nothing of more importance to Europe has occured since the Armistice,"—and he expressed the hope that American capital will participate in the German loan which Dawes recommended.

"I do not claim," said the president," to be able to announce any formula that will guarantee the peace of the world.

"There are certain definite things, however, that I believe can be done, which certainly ought to be tried.

"I believe that among these are frequent international conferences suited to particular needs. The Washington conference did a great deal to restore harmony and good will among nations. Another purpose of a conference is the further limitation of competitive armament. Much remains to be accomplished in that direction. It would appear to be impractical to attempt action under present conditions, but with a settlement of German reparations firmly established I should favor the calling of a similar conference to achieve such limitations of armaments and initiate plans for modification of international law, should parliamentary inquiries disclose that such a proposal would meet with sympathetic response.

"But the main hope of success lies in first securing a composed state of public mind in Europe.

Says U. S. Can Lead

"It is my firm belief that America is in a position to take the lead in this direction"

Turning to domestic affairs, the president assured the editors that "fundamentally America is sound" despite the agitated state of the

W. C. T. U. HOLDS COUNTY MEET IN CITY

To Furnish One Room In New Lakeside Cottage; Was State's Banner County Last Year

The Mid-Year Executive meeting of the Lorain County Women's Christian Temperance Union opened this morning at nine o'clock at the Church of Christ with Mrs. Nellie M. Hill, the president, in the chair. The morning session was largely attended by delegates from all over the county and opened with song, with Mrs. S. H. Strickler as pianist.

Following devotionals, the business of the day began with the appointment of committees. Mrs. Bedford, of Brighton, was appointed to fill the unexpored term of Mrs. Carrie Anderson, of Wellington, as superintendent of the Mothers' Meeting and White Ribbon Recruits Mrs. Anderson no longer resides in the county.

It was voted to ask a State worker to come into the county and to organize Unions in the territory which is as yet unorganized.

Mrs. Hill laid especial emphasis on the propmt payment of dues, as the Jubilee year is fast drawing to a close and the county wishes to finish the year with its records complete. She also reported that the State Board of Trustees at their recent meeting in Columbus voted to build another cottage at Lakeside. Lorain county decided to furnish a room in this cottage.

The State decided to budget its expenses, at the recent executive meeting, and Mrs. Hill promised to watch their work with much interest with the view of adopting that policy in Lorain county should it prove favorable.

"The Presentation of Twenty Dimes" was made by the county president who told the story of how the State had awarded Lorain county through its president a small sum of cash because they were the banner county for the State last year. Mrs. Hill has this money transferred into dimes and she distributed them to the presidents of the local Unions with the commission that they were to take the limes and cause them to multiply as much as possible before the next institute

Mrs. L. M. Rahmer sang, "Blessed Hour of Noon-tide" and Mrs. W. P. Shepard offered the noon-tide prayer prior to the adjournment for luncheon served by the Elyria Union.

SEE ARREST IN KLAN FLOGGING

CINCINNATI, O., April 22.—Arrests are expected today of four men who attacked two members of the Ku Klux Klan with blackjacks, abducting them in an automobile, stripping them of their clothing and flogged their bare backs. The horsewhipped klansmen without a stitch of clothing then were thrown from an automobile in the heart of the city in the chilly early hours of Easter morning.

A reward of $2,000 for the arrest and conviction of one of the four men sought was authorized by C. William Schmidt, executive secretary of the klan in Hamilton county. The identity of the flogged klansmen is being kept secret for the present. The attack followed the klan demonstration Saturday night when many fiery crosses were burned in various parts of the county.

Duse Company Will Escort Body Home

PITTSBURG, Pa., April 22—The death-bed wish of Mme. Eleanora Duse, will be respected and her body will be buried in a little cemetery behind an old stone church at Asolo, near Venice, it was made known here today.

The famous tragedienne's love affair with Gabriele D'Annunzio had Italy as its stage and members of her troupe here believed Duse wanted her mortal remains to rest amid the ruins of her castles of dreams

The body of the actress will be placed aboard the Italian liner, Duilio sailing from New York for Geona May 1.

Moulton Candies, Richwines Battle Sunday For 'Pool'

The Moulton Candies are putting on a dance and prize fox trot tonight at The Cascade dance pavilion preparatory to opening their baseball season next Sunday.

"Cans Famous Singing Saxophone Orchestra" has been engaged for the occasion. A record crowd is expected.

The Candies will get under way next Sunday afternoon at the Cascade park ball grounds when they play the Strong Richwine Ice Cream ball club of this city in a benefit game for the Swimming Pool Fund of Elyria.

The Candies have a double battery in Bennett and Rose and Minch and Schroeder. The Candies mound men are sure to get good backing from such men as Mosney, W. Bayless, D. Bayless, Ingwer, Wohlever, Schweda, Malick, Jacobs, Kaiser and Traxler.

The Richwines Ice Creams this year are an exceptionally strong outfit and capable of putting up a very good argument as to who will be the champs of Elyria. The Richwines are advertised as a road team this year and as such will play most of their games away from Elyria. April 27th will bring two old rivals together and will also be one of the few times that the Richwines will play here so a record crowd should be on hand to see a good ball game and also boost the Swimming Pool Fund.

Tilden Demands Clean Slate By Board On Tennis

PHILADELPHIA, Pa., April 22.—William T. Tilden, 11, national singles tennis champion, today added word of mouth testimony to his letter to the United States Lawn Tennis Association, declaring that only the most complete vindication of his amateur status would persuade him to compete in the Davis Cup matches and others under the auspices of the body in question. Tilden made it very clear that unless this vindication is forthcoming he will no longer be seen on the tennis court under amateur guise.

"The report of Holcome Ward, made public on Saturday leaves me no alternative, but to tender my resignation as a member of the Davis cup team and other teams promoted by the United States Law Tennis Association," Tilden declared. "He and they have declared me an "evil influence" to the younger generation in tennis. Rather than be that, I will step out of competition altogether. Upon being assured that Mr. Ward has made a mistake in his phraseology or that he was not justified in writing what he did, I will be only too glad to resume my tennis playing in defense of the Davis cup. Otherwise I am through and glad of it."

Tilden was exercised over certain paragraphs in Mr. Wards report to the amateur rule committee referring to the champion by name as a bad example to the younger generation, by the fact that he made money out of tennis writing. He seemed to think Mr. Ward exceeded the bounds of polite ethics.

"The fact that he referred to me by name, made his report a personal attack upon me." The champion said this morning. "Mr. Ward is an estimable gentleman and unquestionably knows very much about lawn tennis. As a rule he writes exceedingly good reports. In the present case, I cannot agree with what he says. He has characterized me by name as a menace to the good name of lawn tennis and if I cared to, I could riddle his report full of holes. I do not care to. I have been careful to do most of my talking to the Tennis Association. They have been careful to do most of their talking for the benefit of the newspapers. I leave it to the public to be the judge in the matter."

The team of American net stars, elected to carry the stars and stripes in the women's tennis matches in the Olympiad this summer, has the ideal makeup—the fire of youth and the wisdom of age. Mrs. Hazel Hotchkiss Wightman, captain of the team, is one of the veteran players of her sex in the U. S. She was active in tournament play 14 or 15 years ago. Helen Wills, another member and now national champion, is still in her teens and rose to prominence in the last couple of seasons. The other members, Miss Eleanor Goss and Mrs. Marian Zinderstein Jessup, present the same combination to lesser degree. Miss Goss is a real veteran. Mrs. Jessup broke into the limelight a few seasons ago by her brilliant play in the national courney.

SPORT SNAP SHOTS

By Jack Keene

Here is an interesting little problem for the golfers to solve in their idle moments.

Arthur Havers, most folk will recall, won the British open championship last summer. Bobby Jones walked off with the American open. The other day the two of them met in Georgia. Havers defeated the Atlanta wonder and the title of "unofficial world's champion" was immediately tacked on the Britisher.

Fair enough.

But Gene Sarazen was forgotten. The professional champ had taken on Havers a short time previously and licked him in a 72-hole affair.

What does that do to Havers' unofficial title?

Perhaps Sarazen should have it.

Perhaps. But we cite the fact that Mr. Sarazen was licked by Mr. Jones in the open at Inwood.

Now just who should have that unofficial title?

Drop your answer in the first waste paper box.

Every time Connie Mack and Jack Hendricks read about the greatness of Charley Grimm, Pirate first sacker, they must grind their molars, kick large holes in the calves of their legs and speak gruffly to the waiter.

Back in 1916 Connie gave Grimm the once over. The young man was only 17 then. Connie decided that Grimm wasn't worth watching longer and let him go. Then Hendricks, managing the Cardinals at the time, decided the kid looked good, only to let him slip away.

One of the wildest rumors flashed from the Giant bailiwick is that George Kelly is away off form at first base. His condition is worrying McGraw, it is said.

This with Jack Bentley on the team! The fact that Bentley is a A No. 1 first baseman is overlooked by many critics. But for the fact that his pitching is needed right now Bentley might be disputing the first base honors with Long George—were Kelly really slipping.

TAGGING THE BASES

Jess Barnes had his old team mates eating out of his hand for seven innings. The Giants smote him for the necessary runs to win 2 to 1.

Five pitchers took part in the slugging bee between the Cardinals and Pirates, the former winning out with a six run rally in the seventh 11 to 9.

The worlds champion Yankees checked their losing streak of four games when Joe Bush swirled them to victory over the Senators 4 to 2.

De Berry's homer with two on, in the tenth, gave the Dodgers a 7 to 4 victory over the Phillies.

Three successive singles off King Alexander, who weakened in the tenth, gave the Reds a 2 to 1 win over the Cubs.

Rommell knocked the Red Sox out of a tie for first place when he twirled shutout ball, the Athletics winning 4 to 0.

MAINTAINS LEAD

KANSAS CITY, Mo., April 22.—Benny Allen, Kansas City, maintained his lead in the national pocket billiards title race by his defeat of Frank Taberski, Detroit, here last night 125 to 107.

IN THE DAY'S NEWS

William Adams Delano, who has been appointed by President Coolidge to the National Commission of Fine Arts, to fill the vacancy caused by the death of Henry Bacon, is an eminent architect of New York, a fellow of the American Institute of Architects and of the Architectural League. He is a native of New York City and a graduate from Yale. In 1903 he received the diploma of the Ecole des Beaux Arts, Paris. He was for seven years a professor of design at Columbia University. The National Commission of Fine Arts, of which Mr. Delano now becomes a member, was established by act of Congress in 1910. It is composed of seven members, three architects, one landscape architect, one painter, one sculptor and one layman. The plans for all new structures to be erected in the District of Columbia under the direction of the Federal Government, and all questions involving matters of art with which the Government is concerned, must be submitted to the commission for comment and advice before final action is taken.

MOSCOW, April 22.—M. Zinoviev, who has become one of the most powerful leaders in the Soviet system since the death of Lenine, told the miners' convention today that the Soviet is in no hurry to grant concessions which will be only for brief periods any way.

WARNER CALLS NEW FOOTBALL RULES MISTAKE

Veteran Gridiron Coach, Now at Stanford, Think Changes Hurt Game

AGAINST CENTER KICKOFF

Also Opposed to New Rule on Tee; Was in Favor of Some Changes

SAN FRANCISCO, April 22.—Drastic changes just adopted by the football rules commission have put Pacific Coast gridiron coaches up in the air.

Glenn Warner, "daddy" of all mentors who is now at Stanford, and Andy Smith, University of California's producer of wonder teams, view with alarm announcement of rules changes.

Removal of the kickoff to the center of the field is particularly obnoxious to Coach Warner. He also believes that the rule eliminating the kickoff tee has done great harm to the game, cutting down use of strategic plays.

Coach Smith thinks the center kickoff will greatly detract from football so far as the spectators are concerned.

The California mentor told the writer:

The old kickoff as played in the last few years has been a great thriller from a spectacular standpoint, but as the rule now stands I have an idea the ball will often be kicked over the goal line, which will mean there will be no action in the eyes of the spectators and will result in a poor, rolling kick off."

Coach Warner comments on the new rules as follows:

"I think there was need of a rule to prevent the artificial tees or the gathering of dirt from a distance to build up tees, but I think elimination of the tee entirely is a big mistake and unnecessary.

"The objectionable part of the teeing up of the ball could have been done away with by a rule allowing loose dirt within a small radius of the ball to be used to tee the ball so it would stand in the position desired for kicking.

"However, prohibiting teeing is not as bad a mistake, in my opinion, as moving the kickoff up to the center of the field. One of the prettiest plays and one upon which there is great opportunity for using strategy and skill is the running back of kickoffs. Under the new rule the ball will nearly always be kicked or roll over the goal line for a touchback and be brought out and put into play on the twenty yard line, resulting in no play at all, and I think this change a great mistake.

"Not being able to tee up the ball does not decrease the distance a ball can be kicked, but only only prevents height and distance at the same time. That is, the ball can be kicked just as far, but not so high.

"There is no doubt there was an evil to be corrected, but, in my opinion, the radical methods the rules committee adopted as a cure have done the game more harm than the evil was doing."

RHEUMATISM Leaves You Forever

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that if a full bottle of Allenrhu, the sure conquerer of rhumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenrhu, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenrhu decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. LEGAL NOTICES

ORDINANCE NO. 2636

GRANTING TO THE LORAIN STREET RAILROAD COMPANY ITS SUCCESSORS AND ASSIGNS THE RIGHT TO CONSTRUCT MAINTAIN AND OPERATE A STREET RAILROAD IN THE CITY OF ELYRIA AND PRESCRIBING THE TERMS AND CONDITIONS UPON WHICH SAID STREETS MAY BE USED AND OCCUPIED BY SAID RAILROAD COMPANY.

WHEREAS The Lorain Street Railroad Company is the successor of The Lorain Street Railway Company, which railway company has been heretofore granted certain franchise rights by the City of Elyria for the construction, maintenance and operation of a street railway in said City; and

WHEREAS, it is the common desire of the City of Elyria and The Lorain Street Railroad Company that said franchise of said company be renewed; and,

WHEREAS, the said The Lorain Street Railroad Company has made written application to the Council of the City of Elyria, Ohio, for the right to construct, maintain and operate a street railway in said City.

NOW THEREFORE BE IT ORDAINED BY THE COUNCIL OF THE CITY OF ELYRIA, STATE OF OHIO:

SECTION 1. That the right is hereby granted, The Lorain Street Railroad Company, its successors and assigns, to construct, maintain and operate a street railway and renew its franchise as follows:

Beginning at the Private right-of-way of said Company on Lodi Street and extending by double track curves from said Private right-of-way on to Lodi Street and thence southeasterly on Lodi Street to the westerly line of Chestnut Street; thence southeasterly on Lodi Street by single track to North Street; thence by curves into and westerly on North Street for the purpose of constructing a wye in North Street and upon the property of The New York Central Railroad Company, south of the southerly line of Lodi Street. Provided, however, that said wye shall be so constructed as to prevent cars from swinging over the sidewalk on the southerly side of Lodi Street in backing from North Street onto said property of The New York Central Railroad Company.

Said Company shall have the right to construct, maintain and operate said street railway over said route, together with the right to construct, erect, maintain and operate all necessary and convenient poles, wires, wyes, curves, connections, cross overs and other fixtures and appurtenances as may be necessary for the proper maintenance and operation of said Railroad, and shall have the right during the period of this grant to carry upon and over said track, passengers, baggage, express, milk, United States mail and freight together with the right to maintain, operate and use thereon the necessary equipment therefor.

SECTION 2. The gauge of all tracks hereafter laid shall be of uniform standard gauge of 4 feet 8½ inches and shall be laid with 7-in rail of not less than 100 pounds per yard, and said tracks shall be laid upon a substantial foundation in accordance with modern engineering practice and shall be located as directed by the Council of said City.

SECTION 3. Whenever the Council of the City of Elyria shall deem it necessary to pave or repave any street, avenue or part thereof whereon the tracks of said Company are laid, said Company, its successors or assigns, shall pave or repave with the same material as the other parts of said street are paved or repaved that part of said streets which lies between the outer rails of said track or tracks (including the devil strip, so-called) switches, turnouts and wyes, and twelve inches on the outside of the outside rails, except that where the remainder of the street is paved with asphalt the tracks shall be paved with brick; and should said Company fail to pave or repave as herein provided said Council may construct such paving or repaving and assess the same against said Company and collect as other taxes and assessments.

Any pavement disturbed or destroyed in the construction or maintenance of said track shall be restored to its former condition of usefulness as soon as possible and all rubbish or debris accumulated through such work shall be promptly removed. Any cross-walks taken up or destroyed shall be relaid promptly and with the same material, and restored to their former condition of usefulness, all at the expense of said Company.

Any track which is allowed to remain unused for a period of six months shall be deemed to have been abandoned, and the Council may require said Company to remove the tracks, and other appliances from said Street and replace the street in as good condition as before the same was entered upon for the removal of said property.

SECTION 4. Whenever the Council of said City of Elyria shall by resolution determine that the pavement of any streets, avenues or highways on which said Company's tracks are located shall be sprinkled, or whenever the Director of Public Service shall order the same to be done, said Company shall be required to pay its pro rata share of such sprinkling; and in order to determine what the pro rata share shall be, the area of the whole portion of said paved street, avenue, or highway to be sprinkled shall be computed and the amount to be paid by said Company shall bear the same relation to the total cost of sprinkling as the area of the pavement paid for by said Company on said street bears to the whole area of said paved street. Provided, however, that said Company shall have the right and privilege to cause the area occupied by its tracks to be sprinkled at its own cost and expense but all such sprinkling must be done at least as often each day as the remainder of the street shall be sprinkled by the City.

SECTION 5. Said Railroad shall be operated by electricity or other motive power other than steam and said Company shall have the right and privilege to erect all necessary poles and wires as may be necessary for the proper operation of its railroad. All new poles used on the above street shall be steel or concrete and said Company shall replace the wooden poles now used by said Company on said street with steel or concrete poles within a period of five years from the date ... any event all poles shall be of the same material.

All poles shall be set so as to be of as little interference to the public travel as possible and shall be so set as not to interfere with intersecting alleys or private driveways and shall be set outside of the line of any intersecting street and so as not to interfere with or injure sewer, gas or water pipes.

SECTION 6. Said Company shall place and continue upon its line, cars of modern design, equipped and furnished with such improvements and appliances as shall be necessary and proper for the safety, comfort and convenience of its passengers and the public, and shall run cars in such number and at such intervals of time as the traffic may from time to time require and shall cause such cars to stop at such places as the Council may designate, where passengers may wish to leave or enter the same, and shall maintain such equipment in good repair. Said cars shall be properly ventilated, lighted, heated and kept in sanitary condition.

SECTION 7. Said Company shall keep and maintain for the convenience ... in the City of Elyria at its terminus which shall be kept open during all the hours that cars are run by said Company over its lines in said City, and shall be properly ventilated, lighted, heated and kept in sanitary condition.

SECTION 8. Said Company, its successors and assigns, shall be permitted to charge for continuous trip for transporting passengers within the present City limits of the City of Elyria over and along said railroad five (5) cents and when demanded, and upon the payment of two (2) cents therefore, transfers shall be given upon the terms and conditions provided in Section 41 of Ordinance No. 2147, which section of said General Street Railroad Ordinance is by reference, made a part of this Ordinance.

SECTION 9. The City of Elyria is hereby given the permit, free of charge, to attach to any of the poles of said Company in the streets of said City, City fire alarm or police alarm circuits. Said wires shall be maintained upon such poles under the direction of the Manager of said Company and in a manner acceptable, so as not to interfere with the free use of said poles by said Company, and said City shall further hold said Company free and harmless from any negligence on the part of the City its servants, agents or employes growing out of the permit in this Section given.

SECTION 10. Said Company shall hold said City of Elyria free and harmless from any and all claims whatsoever which may arise on account of the negligence of said Company, its agents, servants or employes growing out of the franchise or right herein granted. And furthermore, said City shall not be liable to said Company on account of the breakage of sewers, gas or water pipes or other obstruction in said streets.

SECTION 11. Cars of said Company shall be entitled to the track or tracks at all hours and any vehicle upon the track or tracks shall turn out and not obstruct said tracks, and any driver refusing to so do when notified by ringing of the car bell or otherwise, shall be liable to punishment as provided in Section 270 of the General Street Railroad Ordinance known as Ordinance No. 2147 of the City of Elyria.

SECTION 12. Whenever the proper officers of the City of Elyria shall grant to any person a permit to move a building over, along or upon any street in said City, said Company, on reasonable notice shall raise or remove its wires so such building may be moved. The moving however shall be done between 12:00 o'clock midnight and 4:00 o'clock A. M., and the actual cost of the work to the Railroad Company shall be paid by the mover or the party owning the building to be moved.

SECTION 13. Said Company shall maintain the paving as provided for in Section 3 hereof in good repair at all times, and in case said Company shall fail to do so, Council shall cause notice to be sent by mail to the Manager, Superintendent, or other officers of said Company at its general office, asking that such repairs be made, and if they are not made or in good faith started in thirty days from the date of such notice, and completed thereafter in a reasonable time, same may be made or completed by the City and said Company shall be liable to said City for the cost and expense thereof. The amount whereof, if not paid by said Company within thirty days after rendition of bill therefor, shall be assessed by the City against said Company and collected as other taxes and assessments. In the rebuilding or repairing of its track said Company shall replace such paving as it may disturb in carrying on such work, all of which shall be done to the satisfaction of the Council.

SECTION 14. Said Company shall carry free of charge on its regular cars, firemen and policemen while on duty and in uniform, as provided by Section 5114 of the General Code of Ohio.

SECTION 15. Said Company shall safeguard from electrolytic action caused by said Company the water pipes and any other system of iron or metal pipes or underground wires or cables which may be erected or maintained by said City, using the most approved devices for said purpose and using every precaution to general use to prevent the escape of electricity. Once a year, and oftener, if deemed necessary by the Council a representative of said Railroad Company in connection with the duly authorized agent of the City, shall conduct a test or examination to ascertaain whether or not electricity is escaping aforesaid. If, at any time, a leakage or escape of electricity in sufficient amount to cause damage, to be liable to do so, is found, said City shall serve written notice thereof on said Company (which service may be made upon local agent) and said Company shall within thirty (30) days thereafter remedy such condition and cause such leakage or escape to stop. If said Company shall refuse or fail to do so, the Director of Public Service or Chief Executive Officer may cause the same to be done at the expense thereof shall be paid by said Company within ten (10) days after written notice of the amount thereof.

SECTION 16. Said Company shall at all times be subject to the reasonable police regulations of said City.

SECTION 17. Said Company shall operate its said cars pursuant to the following regulations:

(a) Said Company shall maintain on all its cars operated in said City a bell or gong, which shall be sounded or rung as a danger signal by the motorman in charge of the car to warn persons in danger.

(b) No car shall be allowed to stop on any crosswalk, or in front of any intervening street, except to avoid collision or to allow passengers to enter or leave said car, or to prevent danger to persons or property upon the street; nor shall a car be left standing in Lodi Street at any time unless the same is waiting for passengers to leave or enter said car or to take on or put off baggage or packages.

(c) When a car is required to stop at the intersection of streets to receive or let off passengers, the car shall be so stopped as to leave the rear platform over the further crosswalk.

(d) Trainmen shall discharge their duty under the law as to aged or infirm persons or women or children about to leave the car when the same is in motion.

(e) All City service cars (if and when such service is established) shall be plainly marked with appropriate lettering and after sunset shall be provided with lights so as to sufficiently distinguish the car.

(f) In all cases where the fire apparatus of the City of Elyria answering an alarm of fire, or police patrol wagons, shall take the car tracks, cars going in the same direction on the approach thereto shall stop in order to let the said apparatus or patrol wagons pass and retake the tracks in front of such cars.

SECTION 18. Said Company hereby agrees to open street crossings at grades to be established by the City of Elyria over its private right of way in said City, north of West Street, when any of said streets are paved at the following nam...

ORDINANCE NO. 2637
AUTHORIZING THE DIRECTOR OF PUBLIC SERVICE TO ENTER INTO A CONTRACT FOR THE CONSTRUCTION OF DELINQUENT SIDEWALKS DURING THE FISCAL YEAR OF 1924.
BE IT ORDAINED by the Council of the City of Elyria, State of Ohio:
SECTION 1. That the Director of Public Service be and he hereby is authorized and directed to make and execute a contract with the lowest and best bidder after advertisement according to law, for the construction of delinquent sidewalks in said City of Elyria during the fiscal year of 1924, in accordance with the general sidewalk specifications heretofore adopted and now on file in the office of said Director.
SECTION 2. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.
Passed April 21st, 1924.
THEO. D. FREESE,
President of Council.
Attest, DAVID W. HAMLIN,
Clerk.
Approved, April 22nd, 1924.

ORDINANCE NO. 2636
(Continued from Sport Page)

points: Erie Street, Foster Avenue, 16 nd Street, Louisiana Avenue and Clinton Street. The Council of said City agrees that in establishing the grades of streets at aforesaid crossings, it will establish said grades at elevations which will conform to an approximately uniform grade line along said private right of way, following the natural grade of the ground as far as practicable. Nothing herein contained, however, shall be so construed as to prevent the City from taking and prosecuting any action or proceeding for establishing street crossings over said private right of way as provided by law.
SECTION 19. Nothing in this Ordinance contained shall be so construed as to grant unto said Company any exclusive right upon any street, avenue, alley or public way of said City for the construction, operation and maintenance of street railroad lines, or to prevent the City from granting similar privileges elsewhere in said streets, avenues, alleys or public ways to individuals, companies or corporations for the purpose of operating and maintaining street railway lines.
SECTION 20. The Council of said City reserves the right and at all times shall have the right and authority to permit any other individual, company or corporation to jointly use for street railway purposes that part of the tracks, appliances, wires and poles of said The Lorain Street Railroad Company southeasterly from the intersection of the northwesterly line of Furnace Street with Lodi Street upon such terms and conditions as may be agreed upon between The Lorain Street Railroad Company and the person, company or corporation to whom the Council of the City of Elyria, shall have granted the authority to use the same. In case said The Lorain Street Railroad Company and the person, company or corporation to whom such authority shall have been granted shall not agree upon such terms and conditions within thirty days after such authority shall have been granted by said Council, such terms and conditions shall be determined by arbitration, one arbitrator to be chosen by The Lorain Street Railroad Company and one by such other person, company or corporation within sixty days from the date of the grant of such authority by said Council. If said two arbitrators do not agree upon such terms and conditions within ninety days from and after the grant of such authority by said Council a third arbitrator shall be chosen by them. If either or both parties entitled to choose such arbitrator shall neglect to do so for a period of ten days from and after the time when such selection should be made pursuant to the terms hereof, The United States District Judge for the Northern District of Ohio, Eastern Division, shall have the right to choose an arbitrator for the party so in default; and in case any two arbitrators chosen hereunder shall be unable to agree and shall for a period of ten days after the time when they should choose a third arbitrator as herein provided fail to do so, The United States District Judge for the Northern District of Ohio, Eastern Division, shall have the power also to select such third arbitrator. The decision in writing of any two of such arbitrators chosen hereunder shall be binding upon The Lorain Street Railroad Company and such other person, company or corporation to whom authority to use said tracks, appliances, wire and poles shall have been granted by said Council, upon and after the delivery to them of a copy of such written decision.
SECTION 21. Said Company shall cover its guy wires with a wood or other casing to a height of at least ten (10) feet above the ground, and shall not fasten any such guy wires to any tree, post, pole or building within the limits of said City, except the poles of said Company, without first having obtained permission of the city and the owner or owners of any such tree, post, pole or building.
SECTION 22. Whenever the ownership of the Franchise herein granted and of the railroad built hereunder changes, The Lorain Street Railroad Company shall notify the City Council of said City in writing of such change of ownership within ten (10) days from the date of such change.
SECTION 23. If said Company shall fail or refuse at any time to substantially comply with any of the vital provisions, terms or conditions of this Ordinance on its part to be performed, and shall habitually, continually or continuously persist in such failure or refusal for thirty (30) days after receipt of notice from the Director of Public Service or Chief Executive Officer of said City of such failure or refusal, then said Company shall at the option of said City, forfeit all rights to operate under this Ordinance and all rights herein granted to operate shall thereupon cease and become null and void and said City shall have the right to enter upon and take full possession and control of all said streets, avenues and public grounds to the exclusion of said Company; provided, however, that said Company shall have the right to remove its tracks, appliances, and equipment from the said streets, avenues and public grounds, within a period of six months from and after such notice, and shall replace the street in as good a condition as before the same was entered upon for the removal of said property, but where the failure of said Company to so comply with the terms or conditions of this Ordinance is caused by litigations, injunction, strikes, acts of God, or other causes beyond the control of said Company, and in no manner brought about by the acts of said Company, then this section shall not apply.
SECTION 24. It is expressly agreed in consideration of the improved facilities hereby contemplated and the large expenditures of money necessary to construct the same that no motor bus or other competitive passenger transportation facilities for hire shall be operated over ,along and upon Lodi Street aforesaid, excepting that said exclusive right to operate its said line as against all other competitive transportation facilities for hire shall not apply to the taxicabs or common carriers operating solely within the said City, as provided in Sections 19 and 20 hereof.
SECTION 25. This Ordinance shall be in full force and effect for a period of twenty-five (25) years; and it is stipulated that all the obligations on the part of the Railroad Company to be performed during the life of this Franchise are herein set forth, the provisions of any ordinance or resolution to the contrary notwithstanding and that no further obligation or burdens shall in any manner be required or imposed upon said Railroad Company.
SECTION 26. Wherever in this Ordinance the words "The Lorain Street Railroad Company," "said Railroad Company," "said Company," "the Company," are used, the same shall be held to mean and include The Lorain Street Railroad Company, its successors and assigns as fully as if the same were written herein at length; and wherever the words "City of Elyria," "the City" or "said City" are used, they shall be held to mean and include The City of Elyria or the authority which may succeed said City in control of said Street. Whereever the words "Director of Public Service" are used, the same shall be held to mean and include the authority which may succeed said Director of Public Service.
SECTION 27. Said Company shall pay the publication cost of this ordinance, and within ten (10) days after the final passage herof said Company shall file with the Clerk of Council of said City its acceptance in writing of the terms and conditions of the same.
SECTION 28. This ordinance is and the same is hereby declared to be an emergency measure, the emergency being the immediate necessity of providing adequate, safe and convenient transportation facilities for the citizens of the City of Elyria and the public generally; to promptly facilitate the needed improvement and repair of said Lodi Street and for the immediate preservation of the public peace, health and safety of the inhabitants of said City and the public generally and to adequately regulate and govern the traffic on the streets and highways of said municipality.
SECTION 29. This Ordinance shall take effect and be in force from and after the earliest period allowed by law.
Passed April 18th, 1924.

WE AREN'T THE ONLY ONES

At a time when our own farmers are leaving their farms for the city in such numbers that the exodus may soon prove a grave national danger, and when all measures for farm relief seem to be coming to nought but promises and loud talk, it is interesting to find the following in the statement of a European executive. It is quoted by Paxton Hibben in the April "Current History," and is from a statement by Rykov, Lenin's successor, on the present economic condition in his own country and the program of relief which is needed.

"The crisis through which we are passing is not a crisis of poverty and want. On the contrary, it is a crisis of overproduction and surplus. We have a surplus of grain for which there is no market in our cities: this fact keeps down the price of bread, but it also greatly reduces the purchasing ability of the peasant.

"There never has been any sound working basis between the peasants who produce foodstuffs in Russia, and the industrial workers who produce manufactured articles. There is none now, and our task is to create one. There are gross inequalities between what industrial workers receive as wages and what the farmers can get for their produce. Also, the cost of manufactured articles is far too high and the market price of agricultural products too low either to satisfy peasants or to encourage industry. The urban population of Russia is only 20,000,000, yet these 20,000,000 consume 70 per cent of the manufactured products of Russia while over 100,000,000 peasants can afford to buy only 30 per cent of the industrial products. This is a false economic situation, and it is the first problem of the Soviet Government to establish both industry and agriculture on such a basis that the prices of the products of both can run parallel, and not, as now, at cross purposes. It is only on the ability of the peasant to buy that the progress of Russia and the permanency of the Soviet Government depend."

With the substitution of a few such words as farmer for peasant, and America for Russia, the whole might be descriptive of the situation in our own country. The plan proposed by Rykov for the relief of the peasants, according to Mr. Hibben, is to "buy up 1,230,000 tons of grain for export, to pay for state purchases abroad, thus relieving the grain market in Russia, putting money in the hands of the peasant farmers, and enabling the Russian government to buy abroad what it required with the advantage of a selling price in its favor."

It is interesting to note this connection moreover that a staff correspondent of "The Country Gentleman" concludes after a trip to investigate the wheat situation in Europe, that wheat can no longer furnish the chief support for farmers of any given region of the United States, because of the increasing world competition, due mainly to Russian exports.

So it is that the matter of American farmers and farm relief has ceased to be a purely domestic problem, which can be permanently solved by legislation, however wise, which fails to take into consideration conditions outside of our own country. Other nations are facing the same situation, in varying degree and form, and like an ever increasing number of matters which, up to yesterday, were entirely of national concern, farm relief must today be studied as a part of an international economic problem, on the basis of world conditions, and the solution, if it is to be reached at all must be arrived at by the joint efforts of many nations.

CHILD HEALTH DAY

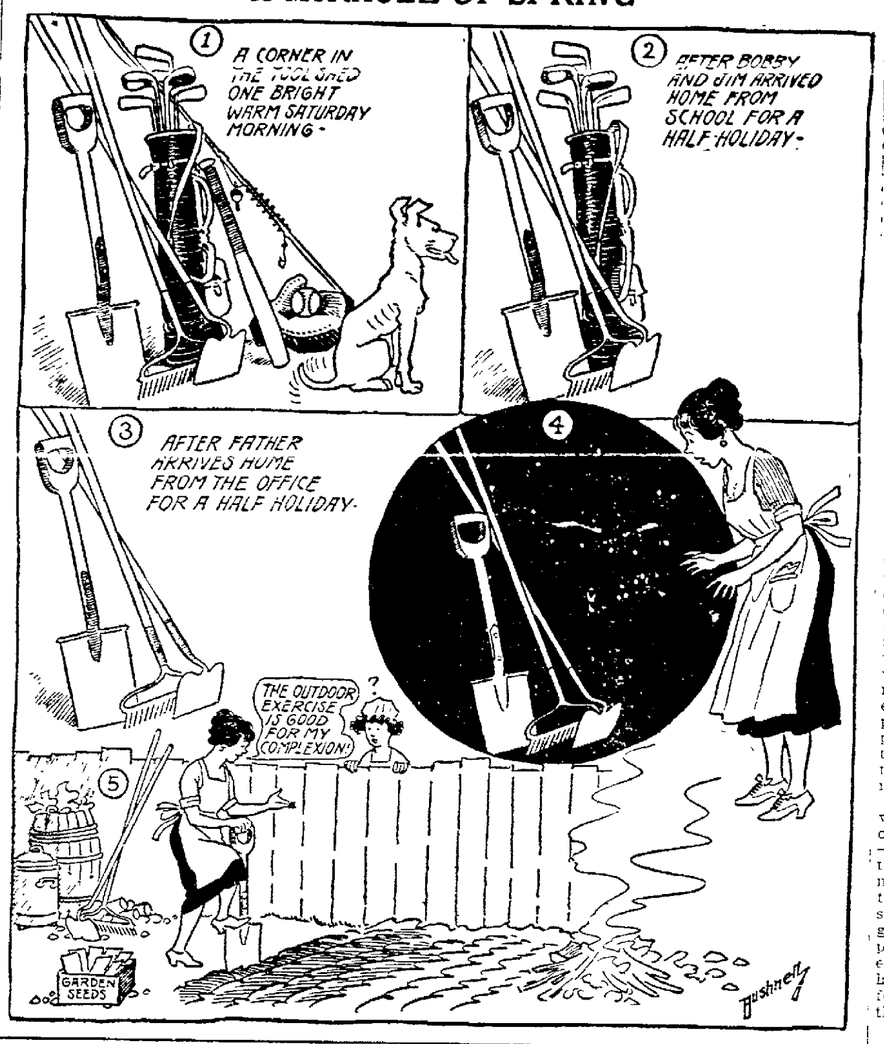

May Day is being proclaimed as "Bill of Rights" day for the American child, when the attention of the Nation will be concentrated upon the welfare of the thirty-five millions of children in America. What more appropriate day could be specified for the children of our land than May Day with its traditions and festivals, with its spirit of joy and new life, with its budding trees and beautiful flowers: with the Spring sun shedding its soft, warm rays upon all nature and imparting a radiance that buoys up even lost hopes.

The good health and education of our children are primary factors in building up a stable citizenship. It is the first duty of the parents and all those interested in the children to turn their thoughts to the prime requisites in their young life. We are living and planning for the future. We are duty bound to concentrate our best efforts upon the youth of our land. The boys and girls of today are the men and women of tomorrow, and they should be preserved and guarded for their future responsibilities. With sound bodies and minds, and an equivalent moral training, they will be prepared to meet the demands of the future.

It is astonishing to learn that the United States, with its wealth and its progress, is fifth among the countries of the world in the matter of saving child health. Apropos to this, what a victory it would be if a Federal Child Labor law could be enacted, which would solve so many of the health problems which are confronting the various states of the nation today. The unsanitary conditions in employment, long hours for their growing bodies, and other unsatisfactory conditions, in the localities where the child labor is employed, are conducive to conditions which are significant in bringing about a "child health" day.

It will be necessary to get at the cause, before a remedy can be effected and become a workable factor in eliminating the sordid conditions and bringing about a healthful condition among the youth of our land. Every day should be "child health" day.

KOMICAL TELEGRAMS

By JIM ARMITAGE, Himself

Headlines tell us "Johnson gives up quarters in Cleveland hotel." Many a man has given half dollars.

If he paid for an entire floor the receipt for payment would naturally make "Hi" think he bought the hotel.

If he gets a slant at the prices on the menus—he won't come within miles of the convention city.

Hotel manager says "He paid for forty rooms." That will leave about ten rooms for every delegate who votes for him.

Mister Johnson no doubt heard about them killing the elephant in Cleveland last week—and wants to ride some other.

Looks to me like a mean trick for him to cancel his reservations—he'll positively lose the bell boy vote.

Well, Sunday was Easter, but they might just as well have celebrated it last December—things just naturally were all wrong.

Instead of strutting their stuff some of 'em had to stay home and air it out—them flimsy things couldn't cover much territory in a wind like that.

Course "Hi" can go back to California and erect a broadcasting station like McAdoo is doing.

They'll both have something to broadcast—to say nothing about the famous California weather reports.

If Hiram will make as good a President as he says he will—we need look no further.

And McAdoo recommends himself pretty highly too.

Looks as though Johnson is passing out and it's too bad—he's one of the loudest talkers the Republicans have.

Coolidge will not be at the convention, but will address the gathering by radio—bet he'll be surprised when they officially notify him a week later.

Him not being in Cleveland, he naturally won't have the slightest idea what is going on.

That is he won't if the telegraph and telephone lines are destroyed.

The Board of Trade is going to send a representative to tell the convention about Dave Howell getting the Yellow Line to pave Lodi street.

When they find that out they just naturally will vote the next convention to Elyria—course the Oberlin opposition will be hard to overcome.

"I don't care what th' jury does, I'll wait till I see her picture in th' paper," said Mrs. Tilford Moots, when asked if she believed Em Pash poisoned her husband. A big shore o' th' energy an' activity in this life has spite behind it.

THE WAY OF THE WORLD

By GROVE PATTERSON

"In two rooms up four flights of stairs a man and woman lived with six children. Two grown-up daughters received a weekly unemployment role of one and one-half marks each. Both rooms were absolutely bare, every article of furniture having been sold except one bed, consisting of a rickety wooden frame with some bits of string tied across, and on these a bundle of rags to serve as a mattress. The man seemed stupefied by misery, but the woman wept hysterically when she spoke of it, and said she would commit suicide."

This is not the setting for some dismal drama of the theater. It is the story of a correspondent in Berlin. Many people are poor in America. Not many are poor like that. Be glad every night when you go home that you live in a country where there is at least the opportunity for life, liberty and the pursuit of happiness.

* * *

The last words of George Washington were: "It is well." He had put a new nation under way. He was gone before it had got very far. Were George Washington here today it would be interesting to know what world he would speak. Could he look about him and say: "It is well"?

* * *

Mussolini, most powerful man in Italy, was once a school teacher. He was paid $10 14 a month. There are two interesting things about that statement. It shows that a man can rise to great heights from a very simple beginning. It also shows American school teachers that there have been members of their profession who got even less salary than we pay now.

* * *

There are other useful servants of the common good who are under paid, too. Postal clerks—all employes of the postoffice department—are hard-working folks. They have never been paid adequately. If you want to do real service, do all you can to have your representatives in Washington work for the bill which will increase the salaries of postal employes.

* * *

Don't give up and don't think you are up against it because you have to work at a job you don't like. Probably it won't hurt you and you can be watching for your chance to get into something you do like. John Patterson who made the National Cash Register Company, and made millions hated to work on a farm. But he worked on a farm for a long time. After that he was a toll collector on the Miami and Erie canal. His hours were twenty-four per day. However he was well paid for those days. He got ten dollars a week.

POEMS THAT LIVE

CHILD'S SONG IN SPRING.

The silver birch is a dainty lady,
She wears a satin gown;
The elm tree makes the old churchyard shady,
She will not live in town.

The English oak is a sturdy fellow,
He gets his green coat late;
The willow is smart in a suit of yellow,
While brown the beech trees wait.

Such a gay green gown God gives larches—
As green as He is good!
The hazels hold up their arms for arches
When Spring rides through the wood.

The chestnut's proud, and the lilac's pretty,
The poplar's gentle and tall,
But the plane tree's kind to the poor dull city—
I love him best of all.

TIMELY VIEWS ON WORLD TOPICS

"U. S. FARMERS HAVE BETTER SHIPPING FACILITIES THAN EUROPEANS," SAYS BARNES.

JULIUS BARNES

"American producers of grain and other commodities although twice as far from the seaboard as the most remote interior cities of Europe, are able to ship more expeditiously to world markets than are the farmers of Europe," so says Julius Barnes, president of the Chamber of Commerce of the U. S. And as against the early railroad cars which consumed 65 per cent of their own weight in haulage, leaving 35 per cent for cargo, he pointed out that new cars use only 20 per cent as deadweight.

"Efficient production," he said, "has led to unemployment; it has not contributed to idleness. On the contrary the earning power of the American people in 1890 was only $12,000,000,000, as contrasted with the 1920 earning power of $80,000,000,000. And this material prosperity is the basis on which are built the institutions which today give every man innumerable advantages, such as electric lights, municipal parks, paved streets and schools. This prosperity has changed the conditions existing fifty years ago and today children are sent to schools instead of to factories."

With only 6 per cent of the world's population, he pointed out, this country has one-half of the world's railway mileage; three-quarters of the world's telephone mileage and 50 per cent of the world's newsprint. This latter fact, he said, is the best guarantee the country has for the preservation of its institutions which have been developed by the rest on three great American philosophies; that of utilizing its material resources to serve humankind; that no door should be closed by accident or birth or social position on any man striving to get ahead and that the Government should preserve fairness of competition and give to every man an equal and unhampered opportunity to succeed.

The need for a non-partisan organization to collect facts, uncolored by propaganda or ulterior motives and to present such facts to the American public, was emphasized by Barnes.

"It is distressing to observe in Washington that a small group of Radicals now holds the balance of power in national legislation while the same elements of the two great political parties are opposed one against the other and are consequently powerless to pass constructive legislation. But this condition cannot endure if the newspapers of the country get the facts and pass them on to the American public, for public opinion will serve as the corrective.

"What we need today is an organization, or organizations, to get the facts to present them to the people, thus enabling the people to form correct judgments and to cause them to put sane men in power in legislative offices. In this way can we preserve the great development and prosperity of the American nation. And every organization should contribute to this service."

WHO'S WHO IN THE DAY'S NEWS

DR. ELWOOD MEAD

ELWOOD MEAD

The recent appointment of Dr. Elwood Mead as commissioner of the U. S. bureau of reclamation is said to be the first step of Secretary of the Interior Work to reorganize the reclamation service and put it on a business basis.

Dr. Mead, an irrigation engineer of Berkley, Calif., succeeds D. W. Davis, former governor of Idaho, who becomes head of a new division of finance in the interior department. Dr. Mead has been engaged with the advisory committee on reclamation since last December.

Dr. Mead has received leave of absence from the University of California, where he is professor of rural institutions, to take up his new duties. Regarded as one of the foremost irrigation engineers, he served as state engineer of Wyoming, chief of the irrigation and drainage investigations of the Department of Agriculture and chairman of the State Rivers and Water Supply Commission of Australia. He was until recently chairman of the California State Land Settlement Board

public mind in recent months over the investigation, scandals, the resignation of cabinet officers and the bickering in congress over legislation.

He described the lust for profits that the war engendered and then said:

"From all this sordidness, the affairs of government suffered. In some of it a few public officers were guilty participants. But the wonder is not that this was so much or so many, rather that it has been so little and few.

The encouraging thing at present is the evidence of a well nigh complete return to normal methods of action and a sane public opinion. There is an exceedingly healthy disposition to uproot guilt and administer punishment wherever a competent evidence can be produced. That I am doing and propose to continue.

Pleads For Economy

The president also made a plea for economy and thrift. He declared there are bills now pending in congress that if passed would increase the governments expenditures $3,300,000,000, this year. He spoke of "minority groups and organizations making determined assaults on the treasury," but did not name them. Some of his hearers believed this was a reference to the bonus.

He again endorsed the Mellon plan of tax reduction and decried the opposition to it as "supposition that the general public can be relieved of taxation and a greater proportion of taxes paid on the rich." Such a policy he said would be an "economic injury and an impossible principle."

Attorney prosecuted Harry K. Thaw for the slaying of Stanford White.

Jerome in an interview insisted it would be extremely dangerous for Thaw to be at liberty again. He expressed the opinion that Thaw might easily commit a "Jack the Ripper" crime if released. "Alienists said that if Thaw were free he would never again do anything like the murder of Stanford White," said Jerome. "The great peril lies in the fact that Thaw was close to being a sadist.

"The alienists who have been called to the stand in Philadelphia say that they have observed no hallucinations or delusions in Thaw. When you have constitutional inferiority with a paranoid trend it is only in the rarest cases that you have hallucinations. The delusions he is subject to are not noticeable in a short conversation with him. Men of Thaw's type of insanity really have hallucinations and delusions which are very difficult to detect.

"After the experiences that Thaw has had with alienists he would not be apt to manifest his delusions until he began to fag mentally. I had him on and off the stand for two weeks or more before Justice Mills in White Plains and it was only on the last day that I was able to get him up in the air. He had begun to fag mentally, and for twenty minutes he delivered an address to the court which betrayed him and brought about his recommittal."

The record of Thaw's performances, continued Jerome, showed that he had a tendency to cruelty, which the treatment of the rabbits in the Philadelphia hospital evidenced. Before Thaw killed Stanford White, the former District Attorney said, there had been a number of episodes in his life in which women and boys had been beaten. All "Jack the Ripper" crimes, Jerome declared, were committed by persons of the same mental trend as Thaw.

CANTON MAYOR HEARING IS STARTED

COLUMBUS, April 22.—A. O. J. Brooks an inspector in the state prohibition department, was the first witness called this forenoon by the prosecution at the opening of the hearing before governor Donahey of charges preferred against Mayor C. C. Curtis, Canton and his brother, E. E. Curtis deposed safety director of that city. They are accused of failing to enforce prohibition and anti-gambling laws.

Brooks presented testimony concerning conditions in Canton between March 14, last and March 22. He told of the alleged purchase of liquor, of the existence of gambling places and of numerous women of the streets in the downtown district.

It was during this period, he said, that a new vice squad was installed by police chief S. A. Lengel. After this change, Brooks testified, he was unable to buy liquor and said that 62 arrests, made by the new vice squad, had intimidated the bootleggers of Canton, according to Brooks.

Lengel was deposed by safety director Curtis, Brooks testified, and the "old condition" returned, he said.

Loranite Testifies

Jack Melser, Lorain, inspector in the state prohibition department, who accompanied Brooks during the recent investigation at Canton, was the second witness for the prosecution. Melser told, in a marked dialect, of obtaining liquor in half a score of places during the period from March 14, last, to march 22.

He also told of visiting a house of ill-fame at 729 Nimicilla avenue where, he testified, "the gaities were openly on tap."

SAY DAUGHERTY BLOCKED SUITS

WASHINGTON, April 22.—The department of justice, under former attorney general Daugherty blocked for three years all prosecution of a "pine lumber trust" Huston Thompson, chairman of the federal trade commission charged today before the Wheeler-Brookhart committee.

Thompson said the commission obtained evidence of trust operations at the Southern Pine Association, in 1921, filed a complaint with the department of justice. Although the suit was immediately filed against the association, Thompson said, it was never prosecuted by Daugherty.

ELOPER NEAR COLLAPSE WHEN HUBBY JAILED

MANSFIELD, O., April 22.—Lois Trimble, rural school teacher who, her parents charge, was abducted by Albert Hicks, of Cambridge, is at the home of her parents in a complete state of collapse. Hicks is in the county jail on the charge of giving a worthless check.

After the couple was married in Newport, Ky., the abduction charge was not pressed by the county authorities. The mother of Hicks came here from Cambridge to try to get her son out of jail. His record is being investigated at Killbuck and other places. The bride shut herself in her room as soon as she got home and has not been able to tell her parents about her strange conduct.

It is charged Hicks tried to induce another girl to run away with him at Killbuck, but she refused. Mr. and Mrs. Trimble say they will wait until their daughter is able to talk before they announce what course they will pursue.

GIRLS' FATHER CAUSES ARREST OF SPEED COP

MIDDLETOWN, O., April 22.—Rodney Booth, 24, speed cop working out of the court of Squire J. V. Bonnell, and William Mitchell, 18, Booth's assistant, are under arrest today facing a statutory charge filed against them by Carl Bowman, father of Hazel Bowman, 16, who was found on her doorstep this morning in a critical condition, after, she said, she had accepted Booth's promise of a lift to her home during last night's storm. The girl says she remembers nothing after [illegible] some alleged soft drink at Hamilton.

SAYS CONFISCATED BOOZE DISAPPEARED

WASHINGTON, April 22.—One hundred cases of seized whiskey disappeared from the Department of Justice in 1921 where it was stored as evidence, Walter Grimes, a department attorney, testified this afternoon before the Wheeler-Brookhart committee.

The whiskey had been seized from Alonzo E. Bunch, a Washington liquor dealer, Grimes said. He could not tell where the liquor went, when it was taken out of the department.

ARTHUR GRILLS, 29, DIED THIS MORNING

Arthur C. Grills, passed away at 8:10 this morning at the Elyria Memorial Hospital at the age of 29 years, 9 months and 21 days. He had been ill but a short time.

He leaves to mourn his loss, his wife, mother, two brothers and four sisters, all of this city. The deceased was a lineman for the Elyria Telephone Company and a member of the [illegible] Fellows Lodge. He had lived in Elyria all of his life.

Funeral services will be conducted Friday at 2:00 from the late home, 250 Harrison street. Rev. Burner will officiate, the Odd Fellows Lodge having charge of the services at the grave. Interment will be made in Ridgelawn cemetery.

Elyria "Dance Derby" Entries Disqualified

The Elyria entrants, Miss Ethel Zimmer and Thomas Jenkins, were eliminated at the marathon dance given by the Martha Lee Club at Cascade pavilion last night, the Lorain contestants, Mrs. George Forrester and Albany Beauchman, being the winners. The second contest will be at Elk's hall, Lorain Saturday night, April 26.

WHEELER GIVEN SUPPORT BY 'ENEMIES'

WASHINGTON, April 22.—The senatorial "trial" of Senator Burton K. Wheeler, Democrat, of Montana, sponsor of the Daugherty investigation, took a new turn today when Republican leaders of Montana come to his defense.

New evidence against an indictment by a few federal grand jury in Montana was turned over to the Borah committee by men who were his life long political foes. Tossing aside their partisan enmities, these republican leaders were said to have forwarded to the committee evidence which in part corroborated Wheelers charges that his indictment was a "frame up" against him.

This information, which undoubtedly will create a sensation when made public was communicated by S. C. Ford, former attorney general of Montana and a republican leader of that state it was said to have been supported by Dr. O. M. Langstron, republican national committeeman from Montana.

As a result, both men were subpoenaed by the Borah committee to tell their story at Wheeler's public trial. The committee meanwhile postponed further hearings, until these witnesses arrive from Montana.

MRS. LEONARD DIED TUESDAY

Mrs. Mary Cleveland Johnston Leonard, 67, daughter of the late Charles W. and Mary E. Johnston and wife of the late James Henry Leonard, died at her home, 630 East avenue, at 9 o'clock this morning, following an attack of pneumonia.

She was born in LaGrange, and was educated in the public schools. She also graduated from Shepardson college, Granville, O., in the class of '78. Mrs. Leonard was a former president of the Womans' Civic Club, and at the time of her death was a member of the Board of Health. Always active in religious, social and civic life of the city, she was interested in those things which help to make a community better to live in. She was a member of the First Congregational church, and was also active for years in its activities. She is survived by her daughter-in-law, Mrs. Chas. Manning Leonard, and her grandchildren, Richard, Mary Claire and Donna Jean, of California, her sister, Mrs. W. E. Barnhart, of Kansas City, and her brother, Carlton F. Johnston of this city.

Funeral services will be held at the home, 630 East avenue, Thursday afternoon at 2:30.

initiative, that he had come to the press table without solicitations, and offered to be interviewed.

While this colloquy was going on, Thaw stood with a dazed expression on his dark brown face.

Flees From Reporters

As suddenly as he approached the reporters, Thaw turned his back on them and fled, leaving his mother sitting with a woman companion in one of the spectators seats.

By this time the courtroom was in an uproar. Attorneys were talking animatedly among themselves, and the spectators who remained were gaping at the scene.

Court attendants wearing stars —dashed to the press table and commanded everybody, reporters included, to get out of the court room, "and get out quickly." Under protest, the reporters were urged from the courtroom.

Cleveland I. O. O. F. Lodges Will Merge

Freedom From Stomach Distress

C. W. Phillips Has the Remedy and Guarantees it to End Indigestion or Gastritis. So Why Be Miserable?

You can get one bottle of Dare's Mentha-Pepsin and if after you take it you do not say it did your stomach more good than anything you ever used before, your money will be waiting for you.

This delightful and effective elixir not only gives instant relief from gas, fullness, acid stomach and distress after eating, but taken regularly for a short time will turn your weak, run down stomach into a strong, healthy one able to perform its duties without help.

It ends indigestion, gastritis, catarrh of the stomach and does it in a surprisingly short period of time.

Dr. Wm. W. Morgan, a prominent dentist of Bridgeport, N. J., writes: "After suffering severely with gastritis and other stomach troubles, a friend gave me a bottle of Dare's Mentha-Pepsin. I had obtained little relief from other remedies, but four bottles entirely ended the trouble." Get it at C. W. Phillips' and all regular druggists everywhere.—Advertisement.

Mothers You Can Prevent Children From Taking Cold

Next Time They Come in Wet and "Sniffling" Rub This Vapor Salve Over Throat and Chest

When children come in from play with feet wet, noses blue and hands like lumps of ice, you feel sure that they are "in for a cold."

But the next time try Vicks. At bedtime rub this vaporizing salve well in over throat and chest and cover with a warm flannel cloth.

The body heat, releases the ingredients—Menthol, Camphor, Eucalyptus, Juniper Tar, etc.—in the form of vapors, and these vapors go directly to the air passages, stimulating the mucous membrane to repel germ attacks.

At the same time Vicks increases the circulation of the blood thruout the chest region, thus helping to prevent any congestion developing.

If applied in time, Vicks will prevent many colds from getting a start and its use doesn't disturb the child's digestion as constant internal dosing is so apt to do.

MAJOR ROBBINS GIVES FACTS TO THE PUBLIC

Well Known Citizen Thought Indigestion Would Prove Fatal — Gives Tanlac Credit For Present Good Health

Major W. W. Robbins, a prominent citizen of Indianapolis, Ind., residing at 1530 North Illinois St., recently had the following to say regarding his experience with TANLAC:

"Three years ago I suffered a nervous breakdown with serious derangements of the stomach. I had frequent attacks of acute indigestion, two of which proved almost fatal. I also had a tired feeling, loss of vitality, and went down in weight.

"Failing to get beneficial results from other sources I resorted to TANLAC. After about five weeks of treatment now my appetite is exceedingly good, my weight is on the increase and I am a great deal stronger. It delights me to have my friends tell me I am looking well, and it also gives me pleasure to tell them that TANLAC is what has brought about the change. It is the best tonic and system builder I have ever found."

The Living Room Is The Live Room

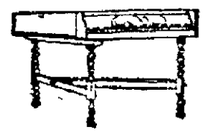

IT is the index to your home. It is the heart of all the things that go to make home life the glorious thing it is.

What home-maker doesn't want to make this central spot of home joys and companionships—this focus of intimate home entertainment—truly expressive of the home spirit?

Maybe the living room needs a little making over—a bit of rejuvenating with the kind of furniture that will make it glow with an increasing measure of the home spirit.

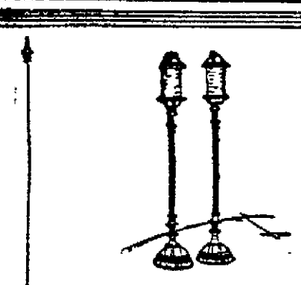

There is no better time than this to renew this holy of holies—and there is no better place than here!

PETITION REQUESTS PRISONER'S RELEASE

LORAIN, April 22.—A petition was presented to the council last night asking them to recommend the release of eighteen prisoners in the city jail who have been there for some time serving liquor fines. The recommend with the names of and history of the case will be sent to Gov. Donahey, who will be asked to release those indicated.

TO COLLECT ON BONDS

LORAIN, April 22.—Councilman John Baird asked last night to have some action taken to collect bonds given in municipal court but have not been paid. A committee will investigate.

THREE LIQUOR ARRESTS

LORAIN, April 22.—The booze squad grabbed off Francisco Lopez, 1624 East 28th street, last night, and found a bottle of liquor in his pocket. He was fined $200 and costs in court today. They also arrested Helen Urbansky, 324 West 14th street, and Anna Sebrosvicz, same address, on liquor charges. Both plead not guilty and will be tried later.

AMHERST BUSINESSMEN PLAN MINSTREL SHOW AS HOSPITAL BENEFIT

AMHERST, April 22—Eighteen attended the weekly dinner of the Amherst Businessmen's association held at Mischka's restaurant last evening. The regular business was transacted and the Ladies' night supper to be held at Henrietta for the A. B. M., Wednesday night, was talked over. A large crowd is planning to attend. It was also planned to put on a minstrel show for the benefit of the local hospital. Details will be announced later.

BOYS COMPLETE 600 MILE BICYCLE TRIP

AMHERST April 22.—William Longfield, 18, of 633 Ontario street, and Clarence Coburn, 17, of 82 Ivy street, both of Toronto, Canada, have arrived in South Amherst after a trip of 600 miles by bicycle in four days and one night.

Stops made were Hamilton, St. Catherine, Niagara Falls on the Canadian side, Niagara Falls and the American side, Buffalo, Cleveland, Rocky River, Lorain, Amherst and South Amherst.

The young men will reside in Amherst and are now employed by the Cleveland Stone Co. at Quarry No. 6.

They followed the Lake Erie shore and report that they found the roads in good condition. They had no tire trouble or mishaps of any kind.

They said that they found a great deal of snow on the Canadian side of Niagara Falls and noticed that the ice on that side had not broken up much yet.

AMHERST BRIEFS

AMHERST, April 22.—On Thursday afternoon the St. Anne's society of the Catholic church will meet at the home of Mrs. M. Bauer, Tenney avenue.

Mrs. John Hoffman will be hostess to the Ladies' society of the St. Paul's Lutheran church at the church parlors Thursday afternoon.

The funeral of Mrs. Freda Beckstein, sister of the late Lorenz Horn, who passed away a few years ago, was held at Middle Bass today. Word was received here by Miss Lucy Horn and Mrs. C. M. Harris.

The picture, "The Highest Law," a very fine film on Abraham Lincoln, will be shown at the school house tonight.

BILLY WHISKERS

BY FRANCES TROGO MONTGOMERY

You remember the mother and little girl had run to the window to watch the parade go by.

Suddenly there was a perfect bedlam of shouting and clapping of hands. And again looking from the window, she beheld her young son of eight astride his big Billy goat, proudly carrying a huge American flag which he had made out of her red flannel petticoat and blue apron and white pillow-case, on which he had pasted silver paper stars. From the goat's horns waved small American flags that were stuck in holes the boy had bored in his horns. But what made the rest of the goat look so peculiar? On gazing at him closely, she saw that the whole goat had been dyed to represent the American flag. His head was red, his body white, and his hindquarters [illegible] were in regular parts held in place by only one suspender, waving his flag so proudly, had made the crowd cheer. They liked his brave, independent spirit, though they could not help laughing at the sorry looking little figure with his great-grandfather's hat of the Revolutionary period resting on his ears, making them stick out like donkey's ears and giving him a most comical expression.

But what cared he for looks and clothes? He was filled with the war spirit and was going to drill so when he was a man he could be a General and command his troops. What glory to ride at the head of a column on a gray horse and call out orders in a deep voice, "Company, halt!" and see all the long line of soldiers stop stock till. His imagination carried him so far that Billy became a prancing steed and his little playmates a regiment of soldiers.

And as the mother watched the little General and make-believe soldiers she felt proud to think she had such a son. As she left the window to return to her work, she ceased to wonder what had become of her red flannel skirt and blue apron. They had been found.

"Now I know what Jamie wanted of a big needle and a long thread," said his sister as she joined her mother in the kitchen. "He wanted it to sew his flag. And he must have stuck himself awfully with the needle, for he came running in to get me to bind up his finger. The blood was running from it, and he said he did not mind the hurt, but he did not want to get the blood on what he was making. When I asked him what it was he was sewing, he pretended not to hear me and hurried out to the barn."

[Don't you wonder what Billy thought of all this? We will find out tomorrow.]

The trio were part of a theatrical company playing the "Why Worry Follies."

OTTAWA, April 22.—Probate court officials trace to the slump in farm products the alarming fact that not a single marriage license has been issued in Putnam county this month. "Farmers think twice before marrying these days," they say. Ordinarily the county issues about 25 licenses a month. The officials hope Faster will soften the hearts of the agriculturalists.

MY HUSBAND'S LOVE

Adele Garrison's New Phase of

Revelations of a Wife

Copyright, 1924, by Newspaper Feature Service, Inc.

The Secret Tunnel—and What It Led To.

ACROSS the emptied suitcase, Edwin Braithwaite looked at his wife as if he were seeing—and appraising—a stranger for the first time. Indeed, I think that was what she appeared to him in the novelty of having her overturn the habit of years as quickly and deftly as she had spread the contents of his suitcase upon the bed.

Then, as if involuntarily, his glance went to the four orphaned children whom he had taken into his care so gladly. Even to assuage the hunger of his soul so long starved for fatherhood, so many years denied the children of his own for which he had wished—were they worth the sacrifice of his routined comfort?

The question was written upon the big surgeon's face for anyone to read, and in it was the pathetic bewilderment of the boy which remains in almost every man, the boy who wants to be mothered, even though he may deny it vehemently and disdainfully. But almost as quickly the answer came into his face as his eyes caught the confiding smiles which the children were sending to the man whom they already idolized. He beamed upon them and turned the same smile upon his wife, who, I observed, was furtively watching him under cover of sorting the contents of her own suitcase.

"I'll Defy Anybody."

"You're the doctor this trip, Harriet," he drawled, "and I'll promise to be as meekly obedient as a probationer."

The tone and words were jesting, but there was something in the tender, luminous smile with which he regarded her, that made me catch my breath with relief. Big in mind and heart, as well as body, he had comprehended swiftly and surely the adjustment of their lives—inevitable because of the children they had adopted—which his wife was beginning, and he was gallantly assuring her of his cooperation. Harriet made him no reply, but her eyes were eloquent as she smiled at him, and then bent again to her work.

When we had finished, the luggage had been rushed to two suitcases and a large bag. The rest, also packed and strapped, were ready for me to take back to the farm, and Harriet and I sank into chairs with the enjoyable fatigue of a trying task well done.

"I'll defy anybody in the world to do better than this job," I said lightly.

"You mean, tie it," Edwin commented jocularly. "But don't hog all the credit, you two. I turned a pretty nifty trick myself, if anyone should ask you."

A Strange Path.

"We'll see that you have credit in full," his wife smiled, and then Mrs. Bird's knock heralded dinner and for the next half hour we did full justice to a most substantial meal. When the last course was cleared away, she beckoned me out of the room.

"Get everybody ready," she said, "and come down those steps, out there, to the room below here."

She indicated the stairs, up which I had come with her upon my return to New York, and, nodding comprehension, I returned to the room and, working swiftly with Harriet, soon had the children in readiness for the journey. Our own wraps were but the work of a few seconds and, picking up the luggage, we shepherded the children down the stairs, to find Mrs. Bird standing, flash-light in hand, in front of a door other than the big sliding double one which had admitted the car.

"Don't be frightened," she said smiling. "This is nothing but a short, underground tunnel to the outside garage, which we use in—stormy weather."

The perceptible pause, the slight stressing of the words, interpreted them sufficiently for us, and she led the way into the dark aperture before us with a caution to my brother-in-law:

"You're the only one who will have to stoop," she said. "But be careful here with the children. There is a short flight of steps."

Behind us a door slid to softly, and the dim light from the room behind us was blotted out. An eerie little feeling crept over me, which I think was shared by the rest of us, but Mrs. Bird was quick in reassurance.

"There aren't many people who know this is here," she said, "so we never leave the door open very long. I have the key to open it again."

We went down the flight of steps, traversed the narrow corridor, single file, then up another flight of steps to another door, looking as if it were a part of a wall.

Mrs. Bird unlocked the door, and the next minute we were in the outdoor garage at the rear of the grounds.

THIS BRIGHT BABY GIRL

Brought Joy to Home. Mrs. Price's Health Restored by Lydia E. Pinkham's Vegetable Compound

Scootac, Pa.—"I never felt like working, and when I would try to do any work standing on my feet, I would just drag around all day long. At times I would have terrible pains and would be in bed three or four days. I was in this condition about a year when I saw Lydia E. Pinkham's Vegetable Compound advertised in the papers. I had heard different women say it was good for women's troubles, and my aunt thought it would help me as it had helped her. So I took the Vegetable Compound and it brought things right, and I was in good shape before I became a mother again. I believe it helps at birth, too, as with both my other babies I suffered a great deal more than with this one. I thank you a thousand times for the good your medicine has done me."—Mrs. ROBERT PRICE, Scootac, via Lockhaven, Pa.

In a recent country-wide canvass of purchasers of Lydia E. Pinkham's Vegetable Compound, 98 out of every 100 report they were benefited by its use.

TODAY'S BEST STORY

Isn't there a frequent reference to the giving of hostages in exchange with savage tribes in the Latin books that every high school and college boy has studied? There is, but there is nothing said about hostages to filling stations and the savage tribes that haunt them. But the sudden outburst of spring weather the other day taught one university boy the meaning of the word hostage. Classes seemed an idle pursuit in such lovely South Seas weather, so Ralph Kersage, of Ohio State University, bethought himself of a certain sweetie who neatly occupied the other seat in his father's small car. The party was arranged as classes seemed futile to the sweetie too. They rolled along, over hill and dale, as it were, until far in the country. Then the machine stopped. No gas. But there was a filling station a few yards away. They got a gallon or two. Then they found that neither had money. The crafty countryman by the tank couldn't see himself in the role of Santa Claus, and so forced the young university lad to stay by his side while sweetie drove into town for the 44 cents. But she had to bring more, for the gas was going all the while.

Now the "Hostage" stands a lot of campus kidding.

Constipation lays you wide open to other diseases—relieve it with Kellogg's Bran

Don't take chances with constipation! This terrible ailment can send poisons into your system which may lead to serious diseases. The longer those poisons accumulate, the more dangerous they become. Begin at once to free your system from them.

Eat Kellogg's Bran. If eaten regularly, it is guaranteed to relieve the most chronic cases of constipation, or your grocer will return your money. It is nature's own way to make the intestine function naturally and regularly—for Kellogg's Bran acts exactly as nature acts. It makes forever unnecessary the use of habit-forming drugs and pills.

Kellogg's Bran, cooked and krumbled, has proved successful when all else has failed. This is because Kellogg's is ALL bran. Doctors everywhere agree that only ALL bran can be 100 per cent effective—they recommend Kellogg's Bran.

Eat at least two tablespoonfuls daily—in chronic cases with every meal. You will like it. You will enjoy the delicious nut-like flavor—the exclusive Kellogg flavor.

Eat Kellogg's Bran, cooked and krumbled with milk or cream. Sprinkle it over other cereals. Cook it with hot cereals. Try it in wonderful bran muffins, bread, griddle cakes and other recipes given on every package.

Kellogg's Bran is the road back to health. It is made in Battle Creek and is served in individual packages at the leading hotels and clubs everywhere. Ask for it at your restaurant. It is sold by all grocers.

NURSE ENDORSES NERV-WORTH

"I had heard of many people being relieved of stomach trouble by your Nerv-Worth," said Mrs. Thorn. "I was troubled with the same disease. I would have fainting spells, sleepless nights, bloating, constipation, and everything that nervous indigestion causes. After taking half a bottle of Nerv-Worth, I must say it's the best medicine I have ever taken. I built myself up in a short time, and get natural sleep, rest and enjoy meals."

SOCIETY

Ladies of The Kiwanis Club Are Hostesses at Big Party

The Post-Lenten social season was ushered in by a Leap Year party given by the Ladies of the Kiwanis club at Albers' Villa last night. In many ways it proved to be the most successful party ever held by the local club and the ladies are being congratulated on their skill as entertainers.

One hundred and thirty members and guests found seats about a large table in the form of the letter "K." In the center was a surprise in the shape of a model of the proposed municipal swimming pool, being sponsored by the Kiwanis club. It was complete in every detail, including diving board, electric lights and even miniature bathers, and bore an inscription reading, "When Dreams Come True." Geo. Chamberlain, Jr., is credited with this feat.

After a typical Alber's dinner, the dignity of the assemblage was somewhat broken up by group singing from the Kiwanis song sheet, led by Jim Armitage, assisted by victims of his choosing, of which Sam Brainard, of Medina, carried off the honors.

Mrs. Jim Armitage "Myself," very ably filled the position of toastmistress. Mrs. Harland Brown's toast to the men, entitled "A Man" was responded to by Bob Rice in a toast to the women with words of appreciation for their efforts and an appeal to "Do It Again." Lieutenant Governor Charlie Davis, of Cleveland; President Geo. Richwine, of Elyria and Secretary Sam Brainard, of Medina, spoke briefly as Kiwanians, while Guy Findley expressed the appreciation of the guests.

In the drawing of prizes, in keeping with the Leap Year spirit, the men drew prizes given by the women but someone had been clever enough to see that the women would eventually get them. E. R. Armstroff, Dr. F. A. Lawrence and Carl Averill, each drew a pair of ladies silk hose; J. E. Thatcher, a vanity case; Art Richwine, box of candy; Sam Brainard, lip stick pencil; Geo. Chamberlain, Jr., Silk bloomers; Harry Burr, a shirt.

The program of entertainment opened by the presentation of the farce "Followers," by Harold Brighouse given under the direction of Miss Grace M. Allen by a cast in which all female parts were filled by male members of the Junior class of Elyria High school, as follows:

Miss Baines, the Old Maid ..... Dell Savage
Helen, her God-daughter ..... Franklyn Stearns
Susan, the Maid ..... Kenneth Heidrich
Colonel Redfern ....Paul Lyman
Time, About 1850.
Place, England.

The actors wore costumes of the period, and in a most creditable performance filled their parts in a manner which brought out the many humorous situations.

Earl Greenland, accompanied by Mrs. Greenland, found favor with two selections, "Kashmiri Song" and "Thank God for a Garden;" while Mrs P. C. Bigelow, of Medina, delighted her audience with "The Swallows" and "In the Chimney Corner," by Collin.

Dancing and card playing were then enjoyed until a late hour, music being furnished by Piper's orchestra, of Cleveland.

The success of the affair is due to the energy and ability of a committee composed of Mrs. Jim Armitage, chairman; Mrs. Nelson S. Fitch, Mrs. H. D. Reynolds, Mrs L. P. Wagner, Mrs. R. A. Wentz, Mrs. Geo. Richwine, Mrs. R. L. Rice and Mrs. H. D. Brown.

The following were present:

Messrs and Mesdames J. H. Adams, H. M. Andress, D. D. Andrus, Jim Armitage, E. R. Armstroff, H. A. Beck, J. H. Brown, H. D. Brown, Harry S. Burr, Geo. P. Colburn, T. A. Conway, Albert Crisp, F. P. Crosse R. E. Cuthbertson, H. W. Doncaster, G. B. Findley, Nelson S. Fitch, E. C. Greenland, Henry Heidrich, C. J. Helfrich, A. R. Jones, E. L. Jones, F. A. Lawrence, S. H. Lucas, J. A. Mason, W. E. Mason, J. M. Powell, L. L. Renouard, H. D. Reynolds.

Messrs and Mesdames R. H. Rice A. J. Richards, A. L. Richwine, Geo. Richwine, W. C. Roe, Carl L. Taylor, O. H. Terrell, J. E. Thatcher, F. A. Underhill, R F. Vandemark, L. P Wagner, Karl P. Walton, R. A. Wentz, H. C. Wilcox.

The Misses Margaret Abbott, Grace M. Allen, Christine Boylan, Dorothy Boylan, Dorothy Conway, Albertine Fitch, Katherine Friend, Nell Gray, Eleanor Hommel, Ethel O. Ickes, Margaret Klein, Minnie Langinrope, Josephine Martin, Ruth McClellan, Marjorie McKee, Naomi Sanders, Ethel Snyder, Florence M. Walton.

Walter M. Barnes, Geo. H. Chamberlain, Jr., Nelson Fitch, Jr., J. E Halpin, Kenneth Heidrich, J A. Herbert, A. V. Hlava, R. D. Iden, L. B. Iglaner, Paul Lyman Chas. Sartor, Dell W. Savage, Franklyn E. Stearns, Elmer W. Walton, Paul Warmee, R. H Warmee.

And Lieut. Gov. and Mrs Charles U. Davis, and Mr. and Mrs. W. H. Reynolds of Cleveland, and Mr. and Mrs. Park Bigelow, Mr. and Mrs. S H. Brainard and Mr. and Mrs. Earl D. Averill of Medina.

After all expenses had been taken care of the ladies found that there was a balance of ten dollars. This sum, they decided without hesitation should be contributed to the swimming pool fund. When Mr. Alber's learned of this, he added his donation of ten dollars, making it a sum of twenty dollars.

DINNER STORIES

A [illegible] was approached by an inmate, who begged that his case be laid before a magistrate and his release obtained. The visitor promised to take the necessary steps immediately.

"You will not forget?" said the lunatic.

"Oh, no."

"You are sure you will not forget?"

"Certainly not."

As the visitor turned to go he received a kick that laid him in a heap a few feet away.

"That," said the lunatic, "is in case you should forget."

They say that when Booth Tarkington was visiting Naples he was present at an eruption of Vesuvius.

"You haven't anything like that in America, have you?" said an Italian friend with pride.

"No, we haven't," Tarkington is quoted; "but we've got Niagara Falls that would put the d——d thing out in five minutes."

Besides softening water there is a use for CLIMALENE in all your cleaning tasks

CLIMALENE is a perfect water softener; and also a wonderfully efficient cleansing agent. In the dishwater, for instance, without the aid of soap, Climalene cuts the grease and makes the dishes quickly shine.

Or put a teaspoonful of Climalene in a kettle of boiling water, and drop your tarnished silverware into it for five minutes. You will be astonished at the shining success. Further proof of Climalene's magic cleansing qualities.

So everywhere Climalene is performing its twofold purpose of softening water instantly, perfectly, harmlessly; and of cleaning as well, whether it be dishes, fine fabrics, woodwork, tile, or the tender human skin.

Sold by all grocers in 12 oz. and 2 lb. packages.

"There is no substitute for Climalene"

Made by The Climalene Company, Canton, Ohio; also makers of Bowlene for Closet Bowls

Advertising

has passed the stage when it is merely blowing one's own horn or crowding oneself into conspicuity. Advertising is now a necessity of business, because it is the utterance of business, and a business that has learned to talk intelligently is as far in advance of a business that does not know how to talk as an educated man is in advance of a savage."

Thus speaks Dr. Frank Crane in his philosophy of modern day advertising and we are inclined to favor his views. Advertising of the present decade is an index to one's prosperity and enterprise. It denotes aggressiveness or passiveness.

The public will buy only where they have been taught to spend their money wisely. A knowing advertiser sells his institution with his merchandise. He tells the public how to buy as well as what to buy. It is this type of advertising which instills buying habits and confidence.

Moulton Candies, Richwines Battle Sunday For 'Pool'

The Moulton Candies are putting on a dance and prize fox trot tonight at The Cascade dance pavilion preparatory to opening their baseball season next Sunday.

"Cans Famous Singing Saxophone Orchestra" has been engaged for the occasion. A record crowd is expected.

The Candies will get under way next Sunday afternoon at the Cascade park ball grounds when they play the Strong Richwine Ice Cream ball club of this city in a benefit game for the Swimming Pool Fund of Elyria.

The Candies have a double battery in Bennett and Rose and Minch and Schroeder. The Candies mound men are sure to get good backing from such men as Mosney, W. Bayless, D. Bayless, Ingwer, Wohlever, Schweda, Malick, Jacobs, Kaiser and Fraxler.

The Richwines Ice Creams this year are an exceptionally strong outfit and capable of putting up a very good argument as to who will be the champs of Elyria. The Richwines are advertised as a road team this year and as such will play most of their games away from Elyria. April 27th will bring two old rivals together and will also be one of the few times that the Rierwines will play here so a record crowd should be on hand to see a good ball game and also boost the Swimming Pool Fund.

Tilden Demands Clean Slate By Board On Tennis

PHILADELPHIA, Pa., April 22.—William T. Tilden, 11, national singles tennis champion, today added word of mouth testimony to his letter to the United States Lawn Tennis Association, declaring that only the most complete vindication of his amateur status would persuade him to compete in the Davis Cup matches and others under the auspices of the body in question. Tilden made it very clear that unless this vindication is forthcoming he will no longer be seen on the tennis court under amateur guise.

"The report of Holcome Ward, made public on Saturday leaves me no alternative, but to tender my resignation as a member of the Davis cup team and other teams promoted by the United States Law Tennis Association," Tilden declared. "He and they have declared me an "evil influence" to the younger generation in tennis. Rather than be that, I will step out of competition altogether. Upon being assured that Mr. Ward has made a mistake in his phraseology or that he was not justified in writing what he did, I will be only too glad to resume my tennis playing in defense of the Davis cup. Otherwise I am through and glad of it."

Tilden was exercised over certain paragraphs in Mr. Wards report to the amateur rule committee referring to the champion by name as a bad example to the younger generation, by the fact that he made money out of tennis writing. He seemed to think Mr. Ward exceeded the bounds of polite ethics.

"The fact that he referred to me by name, made his report a personal attack upon me." The champion said this morning. "Mr. Ward is an estimable gentleman and unquestionably knows very much about lawn tennis. As a rule he writes exceedingly good reports. In the present case, I cannot agree with what he says. He has characterized me by name as a menace to the good name of lawn tennis and if I cared to, I could riddle his report full of holes. I do not care to. I have been careful to do most of my talking to the Tennis Association. They have been careful to do most of their talking for the benefit of the newspapers. I leave it to the public to be the judge in the matter."

Eagle Soccer Team To Plan McKendies

LORAIN, April 22.—Next Sunday the Lorain Eagles soccer team will tackle the Clan McPendies, of Akron, probably at Luna park, Cleveland, in the finals for the state championship.

LAST NIGHT'S FIGHTS

At Portsmouth, O.—Frankie Sneboli, won from Milton Kopp, Cincinnati, 10 rounds; Eddie Crane, Dayton, defeated Jack Gibbs, Cincinnati, ten rounds.

At Pittsburgh—Eddie Shevlin, of Boston, outpointed Jimmy Jones, of Youngstown, O., ten rounds.

At Detroit—Jimmy Brady, beat Jimmy Carvell of Buffalo.

At East Chicago—Sammy Mandell, Rockford, beat Bill Henry, Chicago, ten rounds; Newsboy Brown, Sioux City, knocked out Johnny Walker, Battle Creek, third round; Farmer Joe Cooper, Yorkville, Ill., knocked out Johnny Wrenn, Chicago, third round.

At Louisville—Johnny Mack, of Cincinnati outpointed Tommy Billiards of Allentown, Pa., ten rounds; Willie Bush, of Louisville, shaded Jimmy Stuart, of Cincinnati, six rounds.

Combined in U. S. Women's Olympic Team

The four members of the team: Left to right, Helen Mills, Eleanor Goss and Mrs. Marian Zinderstein Jessup. Below, Mrs. Hazel Hotchkiss Wightman, from an old photo.

The team of American net stars, elected to carry the stars and stripes in the women's tennis matches in the Olympiad this summer, has the ideal makeup—the fire of youth and the wisdom of age. Mrs. Hazel Hotchkiss Wightman, captain of the team, is one of the veteran players of her sex in the U. S. She was active in tournament play 14 or 15 years ago. Helen Wills, another member and now national champion, is still in her teens and rose to prominence in the last couple of seasons. The other members, Miss Eleanor Goss and Mrs. Marian Zinderstein Jessup, present the same combination to lesser degree. Miss Goss is a real veteran. Mrs. Jessup broke into the limelight a few seasons ago by her brilliant play in the national tourney.

SPORT SNAP SHOTS

Here is an interesting little problem for the golfers to solve in their idle moments.

Arthur Havers, most folk will recall, won the British open championship last summer. Bobby Jones walked off with the American open. The other day the two of them met in Georgia. Havers defeated the Atlanta wonder and the title of "unofficial world's champion" was immediately tacked on the Britisher.

Fair enough.

But Gene Sarazen was forgotten. The professional champ had taken on Havers a short time previously and licked him in a 72-hole affair.

What does that do to Havers' unofficial title?

Perhaps Sarazen should have it.

Perhaps. But we cite the fact that Mr. Sarazen was licked by Mr. Jones in the open at Inwood.

Now just who should have that unofficial title?

Drop your answer in the first waste paper bom.

Every time Connie Mack and Jack Hendricks read about the greatness of Charley Grimm, Pirate first sacker, they must grind their molars, kick large holes in the calves of their legs and speak gruffly to the waiter.

Back in 1916 Connie gave Grimm the once over. The young man was only 17 then. Connie decided that Grimm wasn't worth watching longer and let him go. Then Hendricks, managing the Cardinals at the time, decided the kid looked good, only to let him slip away.

One of the wildest rumors flashed from the Giant bailiwick is that George Kelly is away off form at first base. His condition is worrying McGraw, it is said.

This with Jack Bentley on the team! The fact that Bentley is a A No. 1 first baseman is overlooked by many critics. But for the fact that his pitching is needed right now Bentley might be disputing the first base honors with Long George—were Kelly really slipping.

The worlds champion Yankees checked their losing streak of four games when Joe Bush twirled them to victory over the Senators 5 to 2.

De Berry's homer with two on, in the tenth, gave the Dodgers a 7 to 4 victory over the Phillies.

Three successive singles of King Alexander, who weakened in the tenth, gave the Reds a 2 to 1 win over the Cubs.

William Adams Delano, who has been appointed by President Coolidge to the National Commission of Fine Arts, to fill the vacancy caused by the death of Henry Bacon, is an eminent architect of New York, a fellow of the American Institute of Architects and of the Architectural League. He is a native of New York City and a graduate from Yale. In 1903 he received the diploma of the Ecole des Beaux Arts, Paris. He was for seven years a professor of design at Columbia University. The National Commission of Fine Arts, of which Mr. Delano now becomes a member, was established by act of Congress in 1910. It is composed of seven members, three architects, one landscape architect, one painter, one sculptor and one layman. The plans for all new structures to be erected in the District of Columbia under the direction of the Federal Government, and all questions involving matters of art with which the Government is concerned, must be submitted to the commission for comment and advice before final action is taken.

WARNER CALLS NEW FOOTBALL RULES MISTAKE

Veteran Gridiron Coach, Now at Stanford, Think Changes Hurt Game

AGAINST CENTER KICKOFF

Also Opposed to New Rule on Tee; Was in Favor of Some Changes

SAN FRANCISCO, April 22.—Drastic changes just adopted by the football rules commission have put Pacific Coast gridiron coaches up in the air.

Glenn Warner, "daddy" of all mentors who is now at Stanford, and Andy Smith, University of California's producer of wonder teams, view with alarm announcement of rules changes.

Removal of the kickoff to the center of the field is particularly obnoxious to Coach Warner. He also believes that the rule eliminating the kickoff tee has done great harm to the game, cutting down use of strategic plays.

Coach Smith thinks the center kickoff will greatly detract from football so far as the spectators are concerned.

The California mentor told the writer:

The old kickoff as played in the last few years has been a great thriller from a spectacular standpoint, but as the rule now stands I have an idea the ball will often be kicked over the goal line, which will mean there will be no action in the eyes of the spectators and will result in a poor, rolling kick off."

Coach Warner comments on the new rules as follows:

"I think there was need of a rule to prevent the artificial tees or the gathering of dirt from a distance to build up tees, but I think elimination of the tee entirely is a big mistake and unnecessary.

"The objectionable part of the teeing up of the ball could have been done away with by a rule allowing loose dirt within a small radius of the ball to be used to tee the ball so it would stand in the position desired for kicking.

"However, prohibiting teeing is not as bad a mistake, in my opinion, as moving the kickoff up to the center of the field. One of the prettiest plays and one upon which there is great opportunity for using strategy and skill is the running back of kickoffs. Under the new rule the ball will nearly always be kicked or roll over the goal line for a touchback and be brought out and put into play on the twenty yard line, resulting in no play at all, and I think this change a great mistake.

"Not being able to tee up the ball does not decrease the distance a ball can be kicked, but only only prevents height and distance at the same time. That is, the ball can be kicked just as far, but not so high.

"There is no doubt there was an evil to be corrected, but, in my opinion, the radical methods the rules committee adopted as a cure have done the game more harm than the evil was doing."

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours.

Every druggist in this county is authorized to say to every rheumatic sufferer that he or she can get a full pint bottle of Allenrhu, the sure conquerer of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and piteous and where the patient was helpless.

Mr. James H. Allen, the discoverer of Allenrhu, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenrhu decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. LEGAL NOTICES

ORDINANCE NO. 2638
GRANTING TO THE LORAIN STREET RAILROAD COMPANY ITS SUCCESSORS AND ASSIGNS THE RIGHT TO CONSTRUCT MAINTAIN AND OPERATE A STREET RAILROAD IN THE CITY OF ELYRIA AND PRESCRIBING THE TERMS AND CONDITIONS UPON WHICH SAID STREETS MAY BE USED AND OCCUPIED BY SAID RAILROAD COMPANY.

WHEREAS The Lorain Street Railroad Company is the successor of The Lorain Street Railway Company, which railway company has been heretofore granted certain franchise rights by the City of Elyria for the construction, maintenance and operation of a street railway in said City; and

WHEREAS, it is the common desire of the City of Elyria and The Lorain Street Railroad Company that said franchise of said company be renewed; and

WHEREAS, the said The Lorain Street Railroad Company has made written application to the Council of the City of Elyria, Ohio, for the right to construct, maintain and operate a street railway in said City.

NOW THEREFORE BE IT ORDAINED BY THE COUNCIL OF THE CITY OF ELYRIA, STATE OF OHIO:

SECTION 1. That the right is hereby granted. The Lorain Street Railroad Company, its successors and assigns, to construct, maintain and operate a street railway and renew its franchise as follows:

Beginning at the Private right-of-way of said company on Lodi Street and extending by double track curves from said Private right-of-way on to Lodi Street and thence southeasterly on Lodi Street to the westerly line of Chestnut Street; thence southeasterly on Lodi Street by single track to North Street, thence by curves into and westerly on North Street for the purpose of constructing a wye in North Street and upon the property of The New York Central Railroad Company, south of the southerly line of Lodi Street. Provided, however, that said wye shall be so constructed as to prevent cars from swinging over the sidewalk on the southerly side of Lodi Street in backing from North Street onto said property of The New York Central Railroad Company.

Said Company shall have the right to construct, maintain and operate said street railway over said route, together with the right to construct, erect, maintain and operate all necessary and convenient poles, wires, wyes, curves, connections, cross overs and other fixtures and appurtenances as may be necessary for the proper maintenance and operation of said Railroad, and shall have the right during the period of this grant to carry upon and over said track, passengers, baggage, express, milk, United States mail and freight together with the right to maintain, operate and use thereon the necessary equipment therefor.

SECTION 2. The gauge of all tracks hereafter laid shall be of uniform standard gauge of 4 feet 8½ inches and shall be laid with 70 lb rail of not less than 100 pounds per yard, and said tracks shall be laid upon a substantial foundation in accordance with modern engineering practice and shall be located as directed by the Council of said City.

SECTION 3. Whenever the Council of the City of Elyria shall deem it necessary to pave or repave any street or avenue or part thereof, whereon the tracks of said Company are laid, said Company, its successors or assigns, shall pave or repave with the same material as the other parts of said street are paved or repaved that part of said streets which lies between the outer rails of said track or tracks (including the devil strip, so-called) switches, turnouts and wyes, and twelve inches on the outside of the outside rails, except that where the remainder of the street is paved with asphalt the tracks shall be paved with brick; and should said Company fail to pave or repave as herein provided said Council may construct such paving or repaving and assess the same against said Company and collect as other taxes and assessments.

Any pavement disturbed or destroyed in the construction or maintenance of said track shall be restored to its former condition of usefulness as soon as possible and all rubbish or debris accumulated through such work shall be promptly removed. Any cross-walks torn up or destroyed shall be relaid promptly and with the same material and restored to their former condition of usefulness, all at the expense of said Company.

Any track which is allowed to remain unused for a period of six months shall be deemed to have been abandoned, and the Council may require said Company to remove the tracks, and other appliances from said Street and replace the street in as good condition as before the same was entered upon for the removal of said property.

SECTION 4. Whenever the Council of said City of Elyria shall by resolution determine that the pavement of any streets, avenues or highways on which said Company's tracks are located shall be sprinkled, or whenever the Director of Public Service shall order the same to be done, said Company shall be required to pay its pro rata share of such sprinkling; and in order to determine what the pro rata share shall be, the area of the whole portion of said paved street, avenue, or highway to be sprinkled shall be computed and the amount to be paid by said Company shall bear the same relation to the total cost of sprinkling as the area of the pavement paid for by said Company on said street bears to the whole area of said paved street. Provided, however, that said Company shall have the right and privilege to cause the area occupied by its tracks to be sprinkled at its own cost and expense but all such sprinkling must be done at least as often each day as the remainder of the street shall be sprinkled by the City.

SECTION 5. Said Railroad shall be operated by electricity or other motive power other than steam and said Company shall have the right and privilege to erect all necessary poles and wires as may be necessary for the proper operation of its railroad. All new poles used on the above street shall be steel or concrete and said Company shall replace the wooden poles now used by said Company on said street with steel or concrete poles within a period of five years from the date hereof; provided however that in any event all poles shall be of the same material.

All poles shall be set so as to be of as little interference to the public travel as possible and shall be so set as not to interfere with intersecting alleys or private driveways and shall be set outside of the line of any intersecting street and so as not to interfere with or injure sewer, gas or water pipes.

SECTION 6. Said Company shall place and continue upon its line, cars of modern design, equipped and furnished with such improvements and appliances as shall be necessary and proper for the safety, comfort and convenience of its passengers and the public, and shall run cars in such number and at such intervals of time as the traffic may from time to time require and shall cause such cars to stop at such places as the Council may designate, where passengers may wish to leave or enter the same, and shall maintain such equipment in good repair. Said cars shall be properly ventilated, lighted, heated and kept in sanitary condition.

SECTION 7. Said Company shall keep and maintain for the convenience of the public waiting room in the City of Elyria at its terminus which shall be kept open during all the hours that cars are run by said Company over its lines in said City, and shall be properly ventilated, lighted, heated and kept in sanitary condition.

SECTION 8. Said Company, its successors and assigns, shall be permitted to charge for continuous trip for transporting passengers within the present City limits of the City of Elyria over and along said railroad five (5) cents and when demanded, and upon the payment of two (2) cents therefore, transfers shall be given upon the terms and conditions provided in Section 41 of Ordinance No. 2147, which section of said General Street Railroad Ordinance is by reference, made a part of this Ordinance.

SECTION 9. The City of Elyria is hereby given the permit, free of charge, to attach at any time to any of the poles of said Company in the streets of said City, City fire alarm or police alarm circuits. Said wires shall be maintained upon such poles under the direction of the Manager of said Company and in a manner acceptable, so as not to interfere with the free use of said poles by said Company, and said City shall further hold said Company free and harmless from any negligence on the part of the City its servants, agents or employes growing out of the permit in this Section given.

SECTION 10. Said Company shall hold said City of Elyria free and harmless from any and all claims whatsoever which may arise on account of the negligence of said Company, its agents, servants or employes growing out of the franchise or right herein granted. And furthermore, said City shall not be liable to said Company on account of the breakage of sewers, gas or water pipes or other obstruction in said streets.

SECTION 11. Cars of said Company shall be entitled to the track or tracks at all hours and any vehicle upon the track or tracks shall turn out and not obstruct said tracks, and any driver refusing to so do when notified by ringing of the car bell or otherwise, shall be liable to punishment as provided in Section 29 of the General Street Railroad Ordinance known as Ordinance No. 2147 of the City of Elyria.

SECTION 12. Whenever the proper officers of the City of Elyria shall grant to any person a permit to move a building over, along or upon any street in said City, said Company, on reasonable notice shall raise or remove its wires so such building may be moved. The moving however shall be done between 12:00 o'clock midnight and 4:00 o'clock A. M., and the actual cost of the work to the Railroad Company shall be paid by the mover or the party owning the building to be moved.

SECTION 13. Said Company shall maintain the paving as provided for in Section 3 hereof in good repair at all times, and in case said Company shall fail to do so, Council may cause notice to be sent by mail to the Manager, Superintendent, or other officers of said Company at its general office, asking that such repairs be made, and if they are not made or in good faith started in thirty days from the date of such notice, and completed thereafter in a reasonable time, same may be made or completed by the City and said Company shall be liable to said City for the cost and expense thereof. The amount whereof, if not paid by said Company within thirty days after rendition of bill therefor, shall be assessed by the City against said Company and collected as other taxes and assessments. In the repair, building or repaving of tracks said Company shall replace such paving as it may disturb in carrying on such work, all of which shall be done to the satisfaction of the Council.

SECTION 14. Said Company shall carry free of charge on its regular cars, firemen and policemen while on duty and in uniform, as provided by Section 9114 of the General Code of Ohio.

SECTION 15. Said Company shall safeguard from electrolytic action caused by said Company the water pipes and any other system of iron or metal pipes or underground wires or cables which may be erected or maintained by said City, using the most approved devices for said purpose and using every precaution in general use to prevent the escape of electricity. Once a year, and oftener, if deemed necessary by the Council a representative of said Railroad Company in connection with the duly authorized agent of the City, shall conduct a test or examination to ascertaain whether or not electricity is escaping as aforesaid. If, at any time, a leakage or escape of electricity in sufficient amount to cause damage, or to be liable to do so, is found, said City shall serve written notice thereof on said Company (which service may be made upon local agent) and said Company shall within thirty (30) days thereafter remedy such condition and cause such leakage or escape to stop. If said Company shall refuse or fail to do so, the Director of Public Service or Chief Executive Officer may cause the same to be done at the expense thereof which shall be paid by said Company within ten (10) days after written notice of the amount thereof.

SECTION 16. Said Company shall at all times be subject to the reasonable police regulations of said City.

SECTION 17. Said Company shall operate its said cars pursuant to the following regulations:

(a) Said Company shall maintain on all its cars operated in said City a bell or gong, which shall be sounded or rung as a danger signal by the motorman in charge of the car to warn persons in danger.

(b) No car shall be allowed to stop on any crosswalk, or in front of any intervening street, except to avoid collision or to allow passengers to enter or leave said car, or to prevent danger to persons or property upon the street; nor shall a car be left standing in Lodi Street at any time, unless the same be waiting for passengers to leave or enter said car or to take on or put off baggage or packages.

(c) When a car is required to stop at the intersection of streets to receive or let off passengers, the car shall be so stopped as to leave the rear platform over the further crosswalk.

(d) Trainmen shall discharge their duty under the law as to aged or infirm persons or women or children about to leave the car while the same is in motion.

(e) All City service cars (if and when such service is established) shall be plainly marked with appropriate lettering and after sunset shall be provided with lights so as to sufficiently distinguish the cars.

(f) In all cases where the fire apparatus of the City of Elyria answering an alarm of fire, or police patrol wagons, shall take the car tracks, cars going in the same direction on the approach thereof shall stop in order to let the said apparatus or patrol wagons pass and retake the tracks in front of such cars.

SECTION 18. Said Company hereby agrees to open street crossings at grades to be established by the City of Elyria over its private rights of way in said City, north of West Street, when any of said streets are paved at the following name

ORDINANCE NO. 2637
AUTHORIZING THE DIRECTOR OF PUBLIC SERVICE TO ENTER INTO A CONTRACT FOR THE CONSTRUCTION OF DELINQUENT SIDEWALKS DURING THE FISCAL YEAR OF 1924.
BE IT ORDAINED by the Council of the City of Elyria, State of Ohio:
SECTION 1. That the Director of Public Service be and he is hereby authorized and directed to make and execute a contract with the lowest and best bidder after advertisement according to law, for the construction of delinquent sidewalks in said City of Elyria during the fiscal year of 1924, in accordance with the general sidewalk specifications heretofore adopted and now on file in the office of said Director.
SECTION 2. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.
Passed April 21st, 1924.
THEO. D. FREESE,
President of Council.
Attest, DAVID W. HAMLIN,
Clerk.
Approved, April 22nd, 1924.
H. HINKSON,
Mayor.

ORDINANCE NO. 2636
(Continued from Sport Page)

points: Erie Street, Foster Avenue, Broad Street, Louisiana Avenue and Clinton Street. The Council of said City agrees that in establishing the grades of streets at aforesaid crossings, it will establish said grades at elevations which will conform to an approximately uniform grade line along said private right of way, following the natural grade of the ground as far as practicable. Nothing herein contained, however, shall be so construed as to prevent the City from taking and prosecuting any action or proceeding for establishing street crossings over said private right of way as provided by law.
SECTION 19. Nothing in this Ordinance contained shall be so construed as to grant unto said Company an exclusive right upon any street, avenue, alley or public way of said City for the construction, operation and maintenance of street railroad lines, or to prevent the City from granting similar privileges elsewhere in said streets, avenues, alleys or public ways to individuals, companies or corporations for the purpose of operating and maintaining street railway lines.
SECTION 20. The Council of said City reserves the right and at all times shall have the right and authority to permit any other individual, company or corporation to jointly use for street railway purposes that part of the tracks, appliances, wires and poles of said The Lorain Street Railroad Company southeasterly from the intersection of the northwesterly line of Furnace Street with Lodi Street upon such terms and conditions as may be agreed upon between The Lorain Street Railroad Company and the person, company or corporation to whom the Council of the City of Elyria, shall have granted the authority to use the same. In case said The Lorain Street Railroad Company and the person, company or corporation to whom such authority shall have been granted shall not agree upon such terms and conditions within thirty days after such authority shall have been granted by said Council, such terms and conditions shall be determined by arbitration, one arbitrator to be chosen by The Lorain Street Railroad Company and one by such other person, company or corporation within sixty days from the date of the grant of such authority by said Council. If said two arbitrators do not agree upon such terms and conditions within ninety days from and after the grant of such authority by said Council a third arbitrator shall be chosen by them. If either or both parties entitled to choose such arbitrator shall neglect to do so for a period of ten days from and after the time when such selection should be made pursuant to the terms hereof, The United States District Judge for the Northern District of Ohio, Eastern Division, shall have the right to choose an arbitrator for the party so in default, and in case any two arbitrators chosen hereunder shall be unable to agree and shall for a period of ten days after the time when they should choose a third arbitrator as herein provided fail to do so, The United States District Judge for the Northern District of Ohio, Eastern Division, shall have the power also to select such third arbitrator. The decision in writing of any two of such arbitrators chosen hereunder shall be binding upon The Lorain Street Railroad Company and such other person, company or corporation to whom authority to use said tracks, appliances, wire and poles shall have been granted by said Council, upon and after the delivery to them of a copy of such written decision.
SECTION 21. Said Company shall cover its guy wires with a wood or other casing to a height of at least ten (10) feet above the ground, and shall not fasten any such guy wires to any tree, post, pole or building within the limits of said City, except the poles of said Company, without first having obtained permission of the city and the owner or owners of any such tree, post, pole or building.
SECTION 22. Whenever the ownership of the Franchise herein granted and of the railroad built hereunder changes, The Lorain Street Railroad Company shall notify the City Council of said City in writing of such change of ownership within ten (10) days from the date of such change.
SECTION 23. If said Company shall fail or refuse at any time to substantially comply with any of the vital provisions, terms or conditions of this Ordinance on its part to be performed, and shall habitually, continually or continuously persist in such failure or refusal for thirty (30) days after receipt of notice from the Director of Public Service or Chief Executive Officer of said City of such failure or refusal, then said Company shall at the option of said City, forfeit all rights to operate under this Ordinance and all rights herein granted to operate shall thereupon cease and become null and void and said City shall have the right to enter upon and take full possession and control of all said streets, avenues and public grounds to the exclusion of said Company; provided, however, that said Company shall have the right to remove its tracks, appliances, and equipment from the said streets, avenues and public grounds, within a period of six months from and after such notice, and shall replace the street in as good a condition as before the same was entered upon for the removal of said property, but where the failure of said Company to so comply with the terms or conditions of this Ordinance is caused by litigations, injunction, strikes, acts of God, or other causes beyond the control of said Company, and in no manner brought about by the acts of said Company, then this section shall not apply.
SECTION 24. It is expressly agreed in consideration of the improved facilities hereby contemplated and the large expenditures of money necessary to construct the same that no motor bus or other competitive passenger transportation facilities for hire shall be operated over ,along and upon Lodi Street aforesaid, excepting that said exclusive right to operate its said line as against all other competitive transportation facilities for hire shall not apply to the taxicabs or common carriers operating solely within the said City, as provided in Sections 19 and 20 hereof.
SECTION 25. This Ordinance shall be in full force and effect for a period of twenty-five (25) years; and it is stipulated that all the obligations on the part of the Railroad Company to be performed during the life of this Franchise are herein set forth, the provisions of any ordinance or resolution to the contrary notwithstanding and that no further obligation or burdens shall in any manner be required or imposed upon said Railroad Company.
SECTION 26. Wherever in this Ordinance the words "The Lorain Street Railroad Company," "said Railroad Company," "said Company," or "the Company," are used, the same shall be held to mean and include The Lorain Street Railroad Company, its successors and assigns as fully as if the same were written herein at length; and wherever the words "City of Elyria," "the City" or "said City" are used, they shall be held to mean and include The City of Elyria or the authority which may succeed said City in control of said Street. Whereever the words "Director of Public Service" are used, the same shall be held to mean and include the authority which may succeed said Director of Public Service.
SECTION 27. Said Company shall pay the publication cost of this ordinance, and within ten (10) days after the final passage herof said Company shall file with the Clerk of Council of said City its acceptance in writing of the terms and conditions of the same.
SECTION 28. This ordinance is and the same is hereby declared to be an emergency measure, the emergency being the immediate necessity of providing adequate, safe and convenient transportation facilities for the citizens of the City of Elyria and the public generally; to promptly facilitate the needed improvement and repair of said Lodi Street and for the immediate preservation of the public peace, health and safety of the inhabitants of said City and the public generally and to adequately regulate and govern the traffic on the streets and highways of said municipality.
SECTION 29. This Ordinance shall take effect and be in force from and after the earliest period allowed by law.
Passed April 18th, 1924.
THEODORE D. FREESE,
President of Council.
